Spirit Is In The Form:

The Spirit Transcendent Mark F. Yama, 2020-04-10 What are we to make of direct spiritual experience Of accounts of going to heaven or meeting angels Traditional science would call these hallucinations or delusions Clinical psychologist Dr Mark Yama argues the opposite Through interviews with his patients he shows that underneath the visions and experiences there is a unifying spiritual reality apart from the material world One of the stories recounted in this book is the experience of a woman who could see the future In a spiritual transport she was taken to heaven where truths were revealed to her that she later discovered were already written in Gnostic scripture Another woman lived a life marked by a spiritual sensitivity that defied materialist explanation After she passed away of cancer she came to inhabit the consciousness of another of Dr Yama's patients in the form of a benign possession These stories and many others argue for a deeper reality that places spirituality on an equal footing with the material world *Shining toward Spirit, The book of Divine Love and beginnings*
