The Spirit of Tolerance in Islam Reza Shah-Kazemi, 2012-01-27 In 1932 the eminent British scholar of Islam Sir Hamilton Gibb wrote The nobility and broad tolerance of this religion Islam which accepted all the real religions of the world as God inspired will always be a glorious heritage for mankind No other society has such a record of success in uniting in an equality of status of opportunity and of endeavor so many and so various races of humanity Whither Islam Such scholarly objectivity towards the tolerance which has historically characterized the Islamic tradition as a whole is in short supply these days Through an insidious symbiosis of fanatical Muslims and prejudiced Islamophobes the very opposite image of Islam has emerged as one of the most dangerous stereotypes of our times The most cursory glance at history will not only reveal the falsity of this stereotype of an intolerant Islam it will also reveal the little known fact that not so long ago it was the Islamic world that provided models of tolerant conduct for a fanatically intolerant Christian world tearing itself apart over dogmatic differences The first part of this monograph examines the historical record of tolerance in the Islamic tradition illustrating the expression of the principle of tolerance through the rule of such dynasties as the Ottomans Mughals Fatimids and the Umayyads of Spain In the second the principle of tolerance is shown to be rooted in the spirit of the Quranic revelation and embodied in the exemplary conduct of the Prophet

*The Spirit and Struggle of Islam* Thanwardas Lilaram Vaswani, 1921

The Spirit of Islam Afif A. Tabbarah, 1988-01-01

**The Spirit of Islam** Ameer Ali Syed, 2015-06-02

Excerpt from The Spirit of Islam Or the Life and Teachings of Mohammed Since the promulgation of Islam the world has seen great changes empires have risen and disappeared great nationalities have been swept away making room for others knowledge and culture have drifted from the East to the West and with knowledge not only power but material prosperity has changed hands Under the influence of their Prophet a congeries of warring tribes consolidated into a nation had for centuries carried aloft the torch of learning for the enlightenment of the world With the fall of their dominion they ceased to be the preceptors of humanity The younger nations who succeeded to their heritage continued some of their glory in arms but less in arts and literature They too declined in power and influence and now the greatest of them is but a shadow of its former self And yet as an active living faith Islam has lost none of its pristine force nor the magic hold it possesses over its followers

In certain parts of the world it is spreading with greater rapidity than any other creed and its acceptance among the less advanced races has invariably tended to raise them in the moral scale As the study of comparative religion like the study of comparative history acquires importance in the estimation of scholars and students the interest in Islam as a motive power in the world will deepen For outsiders however to understand its genius and the causes of its unparalleled success in vitalising humanity and its vast potentiality for good it is necessary to grasp its spirit and its aims and aspirations from a philosophical point of view for the Islamist who desires to act up to the prescriptions of his religion it is essential he should understand the significance of its ethics the true meaning of its enunciations and learn to differentiate between the permanent and the temporary About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
