Allan's Wife H. Rider Haggard,2015-10-19 It may be remembered that in the last pages of his diary written just before his death Allan Quatermain makes allusion to his long dead wife stating that he has written of her fully elsewhere When his death was known his papers were handed to myself as his literary executor Among them I found two manuscripts of which the following is one The other is simply a record of events wherein Mr Quatermain was not personally concerned a Zulu novel the story of which was told to him by the hero many years after the tragedy had occurred But with this we have nothing to do at present I have often thought Mr Quatermain s manuscript begins that I would set down on paper the events connected with my marriage and the loss of my most dear wife Many years have now passed since that event and to some extent time has softened the old grief though Heaven knows it is still keen enough On two or three occasions I have even begun the record Once I gave it up because the writing of it depressed me beyond bearing once because I was suddenly called away upon a journey and the third time because a Kaffir boy found my manuscript convenient for lighting the kitchen fire But now that I am at leisure here in England I will make a fourth attempt If I succeed the story may serve to interest some one in after years when I am dead and gone before that I should not wish it to be published It is a wild tale enough and suggests some curious reflections

The Works of the Rev. John Howe, M. A. with Memoirs of His Life Complete in Two Volumes John Howe,Edmund Calamy,1857

Theory of Literature and Other Critical Writings Sōseki Natsume,2009-01-09 Natsume Soseki 1867 1916 was the foremost Japanese novelist of the twentieth century known for such

highly acclaimed works as *Kokoro* and *Sanshiro* and *I Am a Cat*. Yet he began his career as a literary theorist and scholar of English literature. In 1907 he published *Theory of Literature*, a remarkably forward thinking attempt to understand how and why we read. The text anticipates by decades the ideas and concepts of formalism, structuralism, reader response theory and postcolonialism as well as cognitive approaches to literature that are only now gaining traction. Employing the cutting edge approaches of contemporary psychology and sociology, Soseki created a model for studying the conscious experience of reading literature as well as a theory for how the process changes over time and across cultures. Along with *Theory of Literature*, this volume reproduces a later series of lectures and essays in which Soseki continued to develop his theories. By insisting that literary taste is socially and historically determined, Soseki was able to challenge the superiority of the Western canon and by grounding his theory in scientific knowledge he was able to claim a universal validity.

The Phantom World: The History and Philosophy of Spirits, Apparitions Augustine Calmet, 2017-11-08. Many people today are entranced by the idea of speaking with the dead or else immersing themselves in vampire tales and wonder. What most people don't realize is how old and revered these stories really are. Within this work Calmet attempts to show where the idea of spirits and apparitions comes from and then within the second part of the main work where the idea and history of the vampire itself comes from. This work simply is not just a history text of ancient religious beliefs but also explains the thinking and beliefs that surrounded the spirits and vampires in the day and age when Calmet wrote this work.

The Great Medicine Road, Part 1

Michael L. Tate, 2014-10-22. Between 1841 and 1866 more than 500,000 people followed trails to Oregon, California and the Salt Lake Valley in one of the greatest mass migrations in American history. This collection of travelers' accounts of their journeys in the 1840s, the first volume in a new series of trail narratives, comprises excerpts from pioneer and missionary letters, diaries, journals and memoirs, many previously unpublished, accompanied by biographical information and historical background. Beginning with Father Pierre Jean de Smet's letters relating his encounters with Plains Indians and ending with an account of a Mormon gold miner's journey from California to Salt Lake City, these narratives tell varied and vivid stories. Some travelers fled hard times, religious persecution, the collapse of the agricultural economy, illness or unpredictable weather. Others looked ahead, attracted by California gold, the verdant Willamette Valley of Oregon or the prospect of converting Native people to Christianity. Although many welcomed the adventure and adjusted to the rigors of trail life, others complained in their accounts of difficulty adapting. Remembrances of the Oregon, California and Mormon Trails have yielded some of the most iconic images in American history. This and forthcoming volumes in *The Great Medicine Road* series present the pioneer spirit of the original overlanders, supported by the rich scholarship of the past century and a half.
