The Dialogical Spirit Amos Yong, 2015-04-30 Contemporary proposals for Christian theology from post liberalism to Radical Orthodoxy and beyond have espoused their own methodological paradigms Those who have ventured into this domain of theological method however have usually had to stake their claims vis a vis trends in what may be called the contemporary post al age whether of the post modern post Christendom post Enlightenment post Western or post colonial varieties This volume is unique among offerings in this arena in suggesting a way forward that engages on each of these fronts and does so from a particularistic Christian perspective without giving up on Christian theology's traditional claims to universality This is accomplished through the articulation of a distinctive dialogical methodology informed by both Pentecostalism and Evangelicalism one rooted in the Christian salvation history narrative of Incarnation and Pentecost that is yet open to the world in its many and various cultural ethnic religious and disciplinary discourses Amos Yong here engages with twelve different interlocutors representing different ecumenical religious and disciplinary perspectives The Dialogical Spirit thus not only proffers a model for Christian theological method suitable for the twenty first century global context but also exemplifies this methodological approach through its interactions across the contemporary scholarly inter religious and theological landscape **The Gospel for Buddhists and the Dharma for Christians** Donovan Roebert, 2009-01-02 In this book Donovan Roebert provides a path for Christians and Buddhists who wish to better understand the essential living tenets of their own faith while exploring how these two great religious paths can provide insights of real benefit to adherents of either Without lapsing into syncretism or demanding a departure from orthodoxy this book provides a sound and thorough basis on which Christians and Buddhists and all those seeking greater insight into faiths other than their own can explore the rich possibilities for learning from one another Beyond describing in detail the doctrines and practices of Christianity and Buddhism this book describes the authentic human path of religious development with a strong focus on the problem of self or ego in spiritual growth discussing obstacles to growth and exploring their remedies Brief histories of both religions are provided enabling the reader to understand how diversity is an inevitable consequence of historical development and rather than standing as a problem in religious dialogue is always a means to spiritual enrichment The Gospel for Buddhists and the Dharma for Christians is the fruit of a personal spiritual journey of thirty years It demonstrates that the search for religious

freedom becomes richer and more rewarding when a spacious mind engages with rather than flees from religious paths outside of its own tradition Finally it is a plea for sincere friendship across factitious religious divides **Tricycle** ,1998

*Buddhist-Christian Dialogue* Paul O. Ingram,Frederick J. Streng,2007-04-01 The essays in this volume focus on philosophical theological and structural aspects of contemporary Buddhist Christian dialogue in an effort to assess its potential as a source for the renewal and transformation of both traditions Writing from differing assumptions academic disciplines and religious world views the nine Christian and two Buddhist contributors are nevertheless agreed that interreligious dialogue can contribute meaningfully to our understanding of some of the profound issues arising out of modern self consciousness Believing that the human community and its survival are threatened everywhere by secularism they seek to show that the dialogue between Buddhists and Christians can provide not only insights but a conceptual framework for authentic living in the present age of religious pluralism Each writer shares the conclusion that Buddhist Christian encounter is vitally important for a larger understanding of contemporary issues of self identity evil communication and fulfillment *Worldviews and Christian Education* W.
