Spiritual Advisor:

The Black Spiritual Movement Hans A. Baer, 2001 Spiritual churches in the United States represent one of several religious movements that African Americans have adopted in their efforts to cope with mainstream society. In this groundbreaking work first published in 1984, Hans A. Baer explores the richness and creativity of Black Spiritualism, setting forth an illuminating ethnography of the movement that corrects numerous stereotypes of African American religion. Baer shows that the Spiritual churches blend diverse elements, borrowing aspects of African American Protestantism, American Spiritualism, Roman Catholicism, Voodoo, and black ethno medicine, occasionally even including aspects of Islam, Judaism, New Thought, and Ethiopianism. He describes not only the history, structure, ideology, and practices of the churches but also the process of syncretism within them and their role within the African American community. In addition, Baer examines how the Spiritual movement juxtaposes elements of protest and accommodation to racism and class stratification in U.S. society. This second edition includes a new preface and a new epilogue in which Baer discusses his methodology in researching the Black Spiritual Movement, describes his meetings with pastors and congregation members, and summarizes his most recent research in the field.

Spiritual Director, Spiritual Companion Tilden Edwards, 2001 Updates his classic *Spiritual Friend*. Spiritual direction pioneer Tilden Edwards here shares the wealth of twenty years of experience he's gained since his classic book *Spiritual Friend*. The fresh and insightful result covers both spiritual and practical sides of the art, from the nature of the soul to recommendations on payment rates. Both directors and directees benefit from this wholistic look that considers all of the person and not just his or her prayer life. At the book's heart though is spiritual direction at its best. Edwards examines new methods to nurture the soul, ways to recognize a true spiritual experience, and suggestions for being truly present during the process. Practical guidelines are also given for getting started with new directees, running group spiritual direction, evaluating sessions, and setting up a spiritual director peer group. In addition, Edwards gives a brief history of this special ministry and a view of its future. He also considers spiritual companionship in other religious traditions and their relation to a Christian framework. This new title offers enormous insight and support for both spiritual directors and directees, anyone considering entering spiritual direction, and all those ministers from pastors to Christian counselors who so often unexpectedly find themselves in the role of spiritual director.

Psychic Wholeness and Healing, Second Edition Anna A. Terruwe, Conrad W. Baars, 2016-03-30 As noted psychiatrists, authors, and lecturers, Baars and Terruwe excitingly blend medieval and classical notions of the human psyche together with modern clinical discoveries as they probe the topic of psychic wholeness and healing. The authors explore the entire human psyche, including man's spiritual dimension, which is an area totally ignored by most modern psychiatrists, creating in modern man an ever-deepening sense of frustration in searching for effective psychiatric treatment for his emotional turmoil. The book's numerous detailed clinical case histories clarify the authors' therapeutic principles. The following questions, among many others, are considered in this work: How best

to help a person who lives in constant fear that he has committed a serious sin even though he knows he has not Does a person who wants to live a moral life yet cannot refrain from doing things that he knows are immoral suffer from weakness of willpower or from a neurosis that would lend itself to therapy
