Spiritual Electricity And Christian Theosophy:

Spiritual Electricity and Christian Theosophy W. J. Coleville, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *Christian Theism and a Spiritual Monism* William Lowe Walker, 1906 Wisdom's Children Arthur Versluis, 1999-09-30 The first book in English to provide an in depth introduction to the Christian theosophic tradition that began with Jacob Boehme *Wisdom's Children* brings us into a startling new world of experiential spirituality that is in fact the Christian equivalent of Sufism and Kabbalism With biographic introductions to major theosophers and detailed discussions of theosophic authors such as John Pordage Jane Lead Dionysius Freher and Johann Gichtel as well as a survey of their major theosophic cosmological and metaphysical teachings this book is an indispensable guide to the hidden history of Protestantism and its ramifications today With chapters discussing theosophy in relation to Gnosticism magic astrology alchemy and other Western esoteric traditions *Wisdom's Children* is situated solidly in its historical context using primary works from the tradition itself The book also provides unexpected insights into how this modern gnostic tradition speaks to us today and suggests how this tradition could spark a new Renaissance to link spirituality the arts and the sciences in a new and encompassing vision **Catholic Horror and Rhetorical Dialectics** Gavin F. Hurley, 2024-06-15 Identifying an important subgenre of horror literature this book argues that Catholic horror fiction works distinctively to inspire the philosophical theological and spiritual imaginations of readers from all backgrounds and faith traditions Hurley analyzes four novels that are foundational to the genre of Catholic horror J K Huysmans s *L Bas* 1891 Robert Hugh Benson s *The Light Invisible* 1903 and *A Mirror of Shalott* 1907 and William Peter Blatty s *The Exorcist* 1971 Putting these texts in conversation with the classical liberal arts the book shows how Catholic horror fiction coheres in a commitment to dialectical thinking that aims both to resolve and to accommodate contrasting world views Given its use of this methodology Catholic horror literature is uniquely positioned to draw readers into a contemplative mindset In presenting ghost stories tales of possession and narratives about evil Catholic horror invites audiences to confront and reflect on profound existential questions questions about the line between life and death the nature of being and the meaning of reality **Christian Theism and a Spiritual Monism, Second Edition** W. L. Walker, 2021-06-03 The chief object of the pages that follow is to show how the great Christian presuppositions God Freedom Immortality in their specifically Christian character including the reality of the Divine Incarnation in Christ and of Grace can be established on the basis of such a Monistic conception of the world as the facts of Science demand and as Philosophy is feeling after The subject however is not approached from the standpoint of Philosophy but rather objectively from that of the teaching of Science concerning ourselves in the Universe The book is written for the plain man and seeks to follow an

inductive method and to reach something that shall be not vague merely but distinctively Christian From the Preface
