Yoga, Meditation, and Mysticism Kenneth Rose, 2016-09-08 Contemplative experience is central to Hindu yoga traditions Buddhist meditation practices and Catholic mystical theology and despite doctrinal differences it expresses itself in suggestively similar meditative landmarks in each of these three meditative systems In *Yoga Meditation and Mysticism* Kenneth Rose shifts the dominant focus of contemporary religious studies away from tradition specific studies of individual religious traditions communities and practices to examine the contemplative universals that arise globally in meditative experience Through a comparative exploration of the itineraries detailed in the contemplative manuals of Theravada Buddhism Pata jalian Yoga and Catholic mystical theology Rose identifies in each tradition a moment of sharply focused awareness that marks the threshold between immersion in mundane consciousness and contemplative insight As concentration deepens the meditator steps through this threshold onto a globally shared contemplative itinerary which leads through a series of virtually identical stages to mental stillness and insight Rose argues that these contemplative universals familiar to experienced contemplatives in multiple traditions point to a common spiritual mental and biological heritage Pioneering the exploration of contemplative practice and experience with a comparative perspective that ranges over multiple religious traditions religious studies philosophy neuroscience and the cognitive science of religion this book is a landmark contribution to the fields of contemplative practice and religious studies **The Graces of Interior Prayer**

The Living Flame of Love: Study Edition St John of the Cross, Kieran Kavanaugh, 2023-07-30 St John of the Cross described the stanzas of his poem The Living Flame of Love as the songs of the soul in the intimate communication of the union of love with God The verses capture the mystical vistas from the summit of the saint's spiritual journey describing the mystery and powerful experience of divine transformation as the soul encounters and unites with the pure love of God After

the poem's composition and at the request of his friend the laywoman Do a Ana de Pe alosa St John of the Cross wrote the prose commentary that represents his final word on the journey of the soul's transformation toward union with God. In these verses and commentary our saintly guide teaches us as the Mystical Doctor of the Church but also as a gentle pastor. Readers can aptly place themselves in the position of Do a Ana a fellow soul on this journey of transformation in God's grace following this holy shepherd along the narrow paths of purification toward our eternal dwelling place in God and union with him. This edition includes Study guides provided throughout the book which provide helpful guidance and explanation. A glossary of terms offering definitions as they pertain to John's specific usage throughout the work. Point of Origin Br Ericjon Thomas, 2012-02 *The Point of Origin* investigates the evolution of religious consciousness as an integral reality in the human person. The evolution of religious consciousness is an experience found throughout human history beginning with the earliest known human species the Cro-Magnon. In this work Br Thomas identifies empirical data that lends itself to his theory that spirituality is not a by-product of the human phenomena but an essential characteristic of being human. The author delves into conscious acknowledgement of the natural law as a universal norm guiding human activity in the wake of the plurality of religious expressions: Atheism, Buddhism, Christianity, Islam, etc. In a crescendo effect of his work Br Thomas illustrates how mysticism becomes the ultimate expression of religious consciousness in the human experience.

A World Transfigured Philip Sheldrake, 2022-10-15 In *A World Transfigured* *The Mystical Journey* Philip Sheldrake demonstrates the importance of the mystical dimension of religious belief and practice. Using the words of the great theologian Karl Rahner Sheldrake makes the case that the Christian of the future will be either a mystic or nothing at all. In our contemporary world this judgment applies equally to other religions as well. After chapters on the meaning of mysticism and the connection between mysticism and beliefs Sheldrake describes important dimensions of mystical writings illustrated by a range of examples. These are Love and Desire, Knowing and Unknowing, Wonder and Beauty, Mysticism and Everyday Practice, and The Mystic as Radical Prophet. Finally the book briefly explores why mysticism fascinates so many people in our modern times.
