Spiritual Powers and the War A. P. Sinnett, 2014-03 This Is A New Release Of The Original 1915 Edition **A Supernatural War** Owen Davies, 2018 How widespread belief in fortune telling prophecies spirits magic and protective talismans gripped the battlefields and home fronts of Europe during the First World War **European War Collection** Princeton University. Library, 1918 *Catalogue of War Publications*, 1917 [The War and Religion](#) Marion John Bradshaw, 1919 **Special collections** Princeton University. Library, 1920 [The Spiritualist Movement](#) Christopher M. Moreman, 2013-08-27 At once controversial and intriguing Spiritualism has spread from the United States to become a global movement Bringing together perspectives from within the movement and without this unique collection treats readers to insights about Spiritualism s history belief and practice Based on the belief that the dead can communicate with the living through mediums Spiritualism touches concepts as timelessly fascinating as human mortality and the continuing existence of the soul beyond bodily death This comprehensive work will help readers parse the mysteries of this uniquely American religion through three thematically organized volumes Spiritualism in the U S and Globally Evidence and Beliefs and Cultural and Social Issues Drawing on fields as diverse as psychology sociology religious studies anthropology history ethnic and gender studies literature and art this broad based collection frames Spiritualism through the views of a team of international scholars Among the many things that separate Spiritualism from mainstream religions is the involvement of women in central leadership roles Such cultural and political elements of the movement are one aspect of this study Of equal interest to believers and skeptics alike will be the work of scholars who have devoted themselves to examining the claim that communication through mediums proves the existence of life after death **A Select Analytical List of Books Concerning the Great War** George Walter Prothero, 1923 **Religious Dimensions of Conspiracy Theories** Francesco Piraino, Marco Pasi, Egil Asprem, 2022-11-30 Religious Dimensions of Conspiracy Theories contributes to the study of conspiracy culture by analysing the religious and esoteric dimensions of conspiracy theories The book examines both historical and contemporary examples to explore transnational and transhistorical continuities between religious doctrines eschatologies and conspiracy theories It draws on a broad range of disciplinary insights from historians sociologists anthropologists and religious studies scholars The book has a global focus and features case studies from North America Europe the Middle East Asia and Africa This book will be of great interest to researchers of conspiracy theories esotericism extremism and religion **Angels in the Trenches** Leo Ruickbie, 2018-11-08 After a miraculous escape from the German military juggernaut in the small Belgian town of Mons in 1914 the first major battle that the British Expeditionary Force would face in the First World War the British really believed that they were on the side of the angels Indeed after 1916 the number of spiritualist societies in the United Kingdom almost doubled from 158 to 309 As Arthur Conan Doyle explained The deaths occurring in almost every family in the land brought a sudden and concentrated interest in the life after death People

not only asked the question If a man die shall he live again but they eagerly sought to know if communication was possible with the dear ones they had lost From the Angel of Mons to the popular boom in spiritualism as the horrors of industrialised warfare reaped their terrible harvest the paranormal and its use in propaganda was one of the key aspects of the First World War Angels in the Trenches takes us from defining moments such as the Angel of Mons on the Front Line to spirit communication on the Home Front often involving the great and the good of the period such as aristocrat Dame Edith Lyttelton founder of the War Refugees Committee and the physicist Sir Oliver Lodge Principal of Birmingham University We see here people at every level of society struggling to come to terms with the ferocity and terror of the war and their own losses soldiers looking for miracles on the battlefield parents searching for lost sons in the sance room It is a human story of people forced to look beyond the apparent certainties of the everyday and this book follows them on that journey
