Akinbowale Isaac Adewumi,2020-05-19 The reality of the invisible world and its wars is evinced by tangible realities in the physical ephemeral sphere Sometimes abstract scenes from the dream world appearing in form of sweet dreams or nightmares in human subconscious mind metamorphose into real life experiences to say the least The enigma that stems from these ethereal perspectives seems to stick in the silver lining of our day to day activities irrespective of any personal persuasion religious belief or freethinking conviction It is clear from these indications that the physical is largely ruled by the spiritual and that prevailing events in the affairs of mankind are the resultant effects of the sublime and impalpable causes There are invisible courts where decisions are made and verdicts are passed which influence visible happenings on this side of the divide and reflect such streaks in the elemental system in an unhinged manner It is mostly characterized by annoying recurrent misfortunes
