The Liberation of the African Mind Adisa Franklin, 2004-11-02 The Liberation to the African Mind The Key to Black Salvation is a strong book written to the millions of African Americans who have had their history distorted by the Church and public schools Because of these distortions Black people are estranged and alienated from their culture and the wisdom of their ancestors The book challenges African Americans to begin to think for themselves especially in the realm of religion It is a prophetic book with a revolutionary perspective It is prophetic in that it points to the direction the Black Church must take to effectively address the spiritual needs of the Black community It is revolutionary because it challenges the Church and believers to establish a new paradigm an African Spiritual frame of reference The Black Church must transform itself and take on a new view of the scriptures doctrines and dogmas of Christendom This book documents the fact that what Blacks have been given as Christianity is in reality stolen African mythology cosmology and history that has been corrupted by Roman and Greek priest philosophers and emperors It is one of the most powerful challenges to Orthodox Christianity to date The Truth will liberate you from their strong delusions While there is indeed some positive and beneficial aspects to Church membership it is time for the Black Church to make its exodus from the Western religious way of faith in God to the African spiritual way of knowledge of God Black Pastors and religious leaders must begin to teach that which will bring about the manifestation of the fullness of Christ This is the charge given to all church leadership by the Bible they teach from And He Himself gave some to be apostles some prophets some evangelist some pastors and teachers for the equipping of the saints for the work of the ministry for the edifying of the body of Christ till we all come to the unity of the faith and the knowledge of the Son of God to be a perfect man to the measure of the stature of the fullness of Christ Ephesians 4 11 13 There are far too many Babes in Christ in the Church It is not the fault of the believers but a reflection of corrupted doctrines and false dogmas In addition the unity of the Black Church must become a priority Not one church or believer can say they have no need of the rest of the Body of Christ in good conscience Yet unity in the Black Church is more a rhetorical than an actual reality Imagine what could be done if the wealth of the Church was combined to establish a super fund Unity must be at the top of the agenda for the Black Church and for the Black community Lastly though we have the proverbial church on every corner there is an undeniable spiritual crisis in the Black community The Liberation of the African Mind The Key to Black Salvation makes the Spiritual Resurrection of the Black man a valid goal and priority It will challenge many long held beliefs and dogmas however Christendom must be examined and that which is not of God must be abandoned Not since Marcus Garvey Fredrick Douglas and the Honorable

Elijah Muhammad have Blacks questioned the validity or efficacy of Christianity Mr Muhammad made an attempt to make Blacks aware that Christianity was the religion of the people who had enslaved them Every race worships God in a way that is peculiar to their culture Since the days of captivity Blacks have worshiped the god of their conquerors and oppressors Worshipping a White man as God is not only a form of idolatry but extremely detrimental to the Black Psyche **Behavioral Science Elementary Teacher Education Program** Michigan State University,1968 **Modern Satire** Peter Petro,2015-09-25 No detailed description available for Modern Satire **The Number of Man, the Climax of Civilization** Philip Mauro,1909 **Symposium on Christian Reconstruction in the Western World Today (JCR Vol. 09)** R. Ackerman,Richard Douglas Green,Geoffrey Thomas,Caroline S. Kelly,Michael Tuuri,Peter Leithart, This issue of the Journal of Christian Reconstruction focuses on the specific and immediate application of Christian Reconstruction in our society today Our major concern in this symposium is not with long term future scenarios such as a vast revival although we pray for it every day or some type of economic crisis although this is likely enough but with what we can trace of the blessed work of the Holy Spirit in applying the transforming Gospel of grace to all areas of our contemporary life and society here and now We conservative Christians have been fairly adept at discerning and describing the evils and impending disasters of our time Calling evil by its true name is after all an important part of any biblically based prophetic ministry Diagnosis is an essential part of the curative process in medicine theology and every other field But at the same time many of us have so tended to focus on the diagnosis of evil that we have failed to look up and see the widespread healing and impartation of new life that is going on all around us *The Wiley Blackwell Companion to Religion and Ecology* John Hart,2017-03-24 In the face of the current environmental crisis which clearly has moral and spiritual dimensions members of all the world s faiths have come to recognize the critical importance of religion s relationship to ecology The Wiley Blackwell Companion to Religion and Ecology offers a comprehensive overview of the history and the latest developments in religious engagement with environmental issues throughout the world Newly commissioned essays from noted scholars of diverse faiths and scientific traditions present the most cutting edge thinking on religion s relationship to the environment Initial readings explore the ways traditional concepts of nature in Christianity Judaism Islam Buddhism and other religious traditions have been shaped by the environmental crisis Readings then address the changing nature of theology and religious thought in response to the challenges of protecting the environment Various conceptual issues and themes that transcend individual traditions climate

change bio ethics social justice ecofeminism and more are then analyzed before a final section examines some of the immediate challenges we face in caring for the Earth while looking to the future of religious environmentalism Timely and thought provoking Companion to Religion and Ecology offers illuminating insights into the role of religion in the ongoing struggle to secure the future well being of our natural world With a foreword by Ecumenical Patriarch Bartholomew I and an Afterword by John Cobb Mythologies and Philosophies of Salvation in the Theistic Traditions of India Klaus K.

Klostermaier,2006-01-01 Based on exhaustive reference to primary source material this volume explores the relationships between religious mythologies and religious philosophical system within the theistic traditions in India Not content merely to explore these relationships the author further examines the relevance of mythology and philosophy in a discussion of salvation salvation understood in its sociological eschatological and philosophical senses The treatment of myth and philosophy is comprehensive in scope pulling together a great variety of sources and commentary and illuminating them for the Western reader This study will be of interest both to students of Indian religions and to students of comparative religion interested in creating a context for the discussion of Eastern and Western religions A Sacred Space Is Never Empty

Victoria Smolkin,2018-05-22 When the Bolsheviks set out to build a new world in the wake of the Russian Revolution they expected religion to die off Soviet power used a variety of tools from education to propaganda to terror to turn its vision of a Communist world without religion into reality Yet even with its monopoly on ideology and power the Soviet Communist Party never succeeded in overcoming religion and creating an atheist society A Sacred Space Is Never Empty presents the first history of Soviet atheism from the 1917 revolution to the dissolution of the Soviet Union in 1991 Drawing on a wealth of archival material and in depth interviews with those who were on the front lines of Communist ideological campaigns Victoria Smolkin argues that to understand the Soviet experiment we must make sense of Soviet atheism Smolkin shows how atheism was reimagined as an alternative cosmology with its own set of positive beliefs practices and spiritual commitments Through its engagements with religion the Soviet leadership realized that removing religion from the sacred spaces of Soviet life was not enough Then in the final years of the Soviet experiment Mikhail Gorbachev in a stunning and unexpected reversal abandoned atheism and reintroduced religion into Soviet public life A Sacred Space Is Never Empty explores the meaning of atheism for religious life for Communist ideology and for Soviet politics *Tirso de Molina & the Drama of the Counter Reformation* Henry W.
