**You Can't Put God in a Box** Kelly Besecke, 2014 Kelly Besecke offers an examination of reflexive spirituality a spirituality that draws equally on religions traditions and traditions of reason in the pursuit of transcendent meaning People who practice reflexive spirituality prefer metaphor to literalism spiritual experience to doctrinal belief religious pluralism to religious exclusivism or inclusivism and ongoing inquiry to final answers Reflexive spirituality is aligned with liberal theologies in a variety of religious traditions and among the spiritual but not religious You Can't Put God in a Box draws on original qualitative data to describe how people practiced reflexive spirituality in an urban

United Methodist church an interfaith adult education center and a variety of secular settings The theoretical argument focuses on two kinds of rationality that are both part of the Enlightenment legacy Technological rationality focuses our attention on finding the most efficient means to a particular end Reflexive spiritualists reject forms of religiosity and secularity that rely on the biases of technological rationality they see these as just so many versions of fundamentalism that are standing in the way of compelling spiritual meaning Intellectual rationality on the other hand offers tools for analysis interpretation and synthesis of religious ideas Reflexive spiritualists embrace intellectual rationality as a way of making religious traditions more meaningful for modern ears Besecke provides a window into the progressive theological thinking of educated spiritual seekers and religious liberals Grounded in participant observation her book uses concrete examples of reflexive spirituality in practice to speak to the classical sociological problem of modern meaninglessness Religion and the Workplace Douglas A. Hicks,2003-10-30 Table of contents **Everyday Divine** Mary DeTurris Poust,2014-05-14 Many people today are looking for opportunities to bring the spiritual into their everyday lives in non traditional ways Their days are so busy they can t imagine how they can fit in time to kneel or sit in prayer on a regular basis As a result they fly from one activity to the next at breakneck speed always looking forward to some nonexistent time in the future when things will slow down long enough to allow them to breathe center themselves and pray Everyday Divine A Catholic Guide to Active Spirituality helps busy readers explore different ways to achieve a place of stillness and peace while remaining very much in the world In fact the day to day activities of life become the pathway to prayer even the prayer itself Drawing on Catholic tradition from the Desert Fathers and Mothers to ancient monastics to modern day saints and sages Everyday Divine looks at how we can adapt these ancient practices for modern times quoting holy men and women on various methods and offering practical instructions and suggestions to help people put them into practice Readers learn how to find spiritual peace while immersed in everyday activities such as Housework and chores Workouts and exercise Cooking eating and fasting Listening to music Traveling and making pilgrimages Living among the noise of daily life The book also includes personal stories from the author and others and will weave in practices from specific spiritualities such as Franciscan Benedictine and Trappist to show how these practices fit into the bigger Catholic picture *Holy Together* Kathleen Finley,2020-09-18 This book is a look at the spirituality of marriage through the lens of Christian spirituality It will help you see how your faith and spirituality is lived out daily in your marriage not just in the churchy activities you may attend Through looking at grace vocation community asceticism incarnation discernment dying and rising you will see more fully the holiness of what you are already living in your marriage as well as some ways that you can enhance and support that holiness The term holiness may not be used that often when it comes to marriage but when you begin to see God s presence everywhere it is clear that your life is holy that is drenched in God indeed **Faith Reads** David Rainey,2008-07-30 At last a resource for librarians who wish to build or develop their nonfiction collection and use it to better serve the needs of adult Christian readers Covering the three

major branches of Christianity Roman Catholic Protestant and Orthodox the author organizes more than 600 titles into subject categories ranging from biography the arts and education to theology devotion and spiritual warfare Award winning classics are noted Introductory narrative frames the literature and helps librarians better understand Christian literature and learn how to establish selection criteria for building a Christian nonfiction collection      **Bread for the Soul** Clarke, Jim, Jim Clarke draws on his forty two years of experience in pastoral ministry to explore common questions and struggles faced by most of us in daily life relationships meaning work faith issues prayer money aging understanding God s ways bringing faith to life and life to faith etc Each chapter begins with a question culled from his studies and professional training as well as from parishioners and students As always Fr Jim brings the abstract down to earth as he writes in a conversational easily readable format using stories analogies and jokes to help the reader to engage with the topics      Ethics in Health Administration: A Practical Approach for Decision Makers Eileen E. Morrison, 2009-10-02 Ethics in Health Administration translates the principles and practice of ethics into usable information for application to the real world of health care administration Based on a model that centers on the administrators role in practice based ethics this text also recognizes influences that impact their ethics in decision making Fictional cases based on real world events help to emphasize chapter content and make it interesting for the learner Each chapter contains at least two cases for class discussion as well as references and websites The Second Edition is a thorough revision that includes further clarification of terms new cases new information on patient centered care new information on disaster planning new material on the culture of compassion updated instructor resources and more      *Mercenaries and Missionaries* Brandon Vaidyanathan, 2019-05-15 *Mercenaries and Missionaries* examines the relationship between rapidly diffusing forms of capitalism and Christianity in the Global South Using more than two hundred interviews in Bangalore and Dubai Brandon Vaidyanathan explains how and why global corporate professionals straddle conflicting moral orientations in the realms of work and religion Seeking to place the spotlight on the role of religion in debates about the cultural consequences of capitalism Vaidyanathan finds that an apprehensive individualism generated in global corporate workplaces is supported and sustained by a therapeutic individualism cultivated in evangelical charismatic Catholicism *Mercenaries and Missionaries* uncovers a symbiotic relationship between these individualisms and shows how this relationship unfolds in two global cities Dubai in non democratic UAE which holds what is considered the world s largest Catholic parish and Bangalore in democratic India where the Catholic Church though afflicted by ethnic and religious violence runs many of the city s elite educational institutions Vaidyanathan concludes that global corporations and religious communities create distinctive cultures with normative models that powerfully orient people to those cultures the Mercenary in cutthroat workplaces and the Missionary in churches As a result global corporate professionals in rapidly developing cities negotiate starkly opposing moral commitments in the realms of work and religion which in turn shapes their civic commitment to these cities      Searching for Spirituality in

Higher Education Bruce W. Speck, Sherry Lee Hoppe, 2007 Searching for Spirituality in Higher Education brings together eclectic points of view on spirituality drawing upon various theoretical perspectives to frame a discussion of spirituality in higher education Following a comprehensive review of the current literature on spirituality chapters examine the relationship between religion and spirituality and explore related legal issues Subsequent theory chapters make no unified claims about the basis of spirituality reflecting the speculative nature of an ethereal subject The final section contains rich examples that explore ways to integrate spirituality in several academic disciplines as well as in student affairs In its entirety the book encompasses a comprehensive review of the salient issues related to spirituality in higher education The volume will be useful in courses on religion nursing business and the humanities     Work and Worship Matthew Kaemingk, Cory B. Willson, 2020-11-17 The modern chasm between secular work and sacred worship has had a devastating impact on Western Christianity Drawing on years of research ministry and leadership experience Kaemingk and Willson explain why Sunday morning worship and Monday morning work desperately need to inform and impact one another Together they engage in a rich biblical theological and historical exploration of the deep and life giving connections between labor and liturgy In so doing Kaemingk and Willson offer new ways in which Christian communities can live seamless lives of work and worship
