Religion and Spirituality in Psychiatry Philippe Huguélet,Harold G. Koenig,2009-03-30 Although medicine is practised in a secular setting religious and spiritual issues have an impact on patient perspectives regarding their health and the management of any disorders that may afflict them This is especially true in psychiatry as feelings of spirituality and religiousness are very prevalent among the mentally ill Clinicians are rarely aware of the importance of religion and understand little of its value as a mediating force for coping with mental illness This book addresses various issues concerning mental illness in psychiatry the relation of religious issues to mental health the tension between a theoretical approach to problems and psychiatric approaches the importance of addressing these varying approaches in

patient care and how to do so and differing ways to approach Christian Muslim and Buddhist patients

Law, Religion, Health and Healing in Africa M. Christian Green, Faith Kabata, Fortune Sibanda, 2022-12-31 The Covid 19 pandemic was global in its spread and reach as well as in its medical social and economic effects In many respects the global effort to flatten the curve produced a flattening of experience around the world and a striking coincidence of similar experiences in countries the world over The identity simultaneity and uniformity of experience were also manifest in common concerns at the intersection of law and religion in many nations around the world including Africa The lockdowns and closure of religious worship centres churches mosques and religious organisations of all sorts raised questions of freedom of religion and the related concern for freedom of assembly along with concerns about the relation of religion to science and public health religious channels of communication and religious provision of social services After all health communications and social services are all areas in which African religious organisations play key roles Potential tensions around these issues raised further considerations about the nature of religion state relations the status of religious authority and whether religious and state actors would work together or at odds in addressing the Covid 19 pandemic
