Splendor Of The Popes:

SPLENDOR OF THE POPES ,1989 **SPLENDOR OF THE POPES** Robert P. Bergman,1989 **Mary's Pope** Antoine Nacheff,2000 Rooted in Scripture Tradition and Redemptoris Mater and other encyclicals this book lays the foundations for understanding the teachings of the Catholic Church concerning Mary **Splendor of the Popes** ,1989

THE POPES WHO CHANGED THE WORLD: FROM THE APOSTLE PETER TO POPE FRANCIS DUKE SOUZA, Throughout the centuries the papacy has played a pivotal role in shaping the history of the Church and the world This book offers an engaging journey through the most influential pontificates from Saint Peter the first Pope and cornerstone of Christian faith to Pope Francis a symbol of renewal and openness to modern challenges With accessible language and solid historical foundation it highlights key moments councils reforms persecutions and the political and spiritual influence of each leader Perfect for scholars believers and those curious about the evolution of the Catholic Church this is a compelling guide to understanding how spiritual authority has shaped empires cultures and minds *An Outline of Christianity* ,1926 **The Teachings of Pope John Paul II** John E. Fagan,2005 **Splendor of the Popes. Treasures From the Sistine Chapel and the Vatican Museums and Library** Robert P. Bergman,1989 *The Lives and Times of the Popes* Artaud de Montor,1911 **An Outline of Christianity: The builders of the church** ,1926 **The Life of His Holiness Pope Leo XIII ...** Richard Henry Clarke,1903 **History of the Popes** Leopold von Ranke,1901 *New Wine, New Wineskins* William C. Mattison III,2005-06-03 The growing shift in Catholic moral theology from reflecting on rules alone to focusing on the identity and formation of persons as moral agents prompts a further question What impact do recent changes in the identity and formation of Catholic moral theologians themselves have on how that discipline is practiced Young Catholic moral theologians experience a sharply different professional formation and a changed location of ongoing professional life than prior generations of moral theologians How do these differences influence the field of moral theology as a whole New Wine New Wineskins A Next Generation Reflects on Key Issues in Catholic Moral Theology addresses these questions and more by offering a snapshot of how a new generation of Catholic moral theologians understands not only topics in the field but the effects of their own identity and formation on their treatment of those topics The distinctive contribution of this volume is the interweaving of three key concerns all of which arise out of a critical self reflection on the task of moral theology today the character and adequacy of training and ongoing formation in the field of Catholic moral theology the purpose and nature of teaching Catholic moral theology and the fittingness of methodological debates with regard to the needs of the Christian life Each essay makes a contribution to its specific area of interest ranging from economic ethics to Patristic rhetoric to the nature and development of practical reasoning while probing what exactly young Catholic moral theologians are doing and how they can do what they do better *The Pope and Ireland* Stephen J. McCormick,1889

The Papacy: Gaius-Proxies Philippe Levillain,John W. O'Malley,2002 For a full list of entries and contributors a

generous selection of sample entries and more visit the Papacy An Encyclopedia website Routledge is pleased to publish this acclaimed resource in a revised expanded and updated English language edition translated by a team of experts in papal history This comprehensive three volume reference not only covers all of the popes and anti popes from St Peter to John Paul II but also explores the papacy as an institution Articles cover the inner workings both contemporary and historical of the Holy See and encompass religious orders papal encyclicals historical events papal controversies the arts and more This set is destined to be the standard English language reference for all issues concerning the papacy Also includes five maps **The Reformation Dawn** Franklin Verzelius Newton Painter,1901 **The Moral Theology of Pope John Paul II** Charles E. Curran,2005-01-06 Pope John Paul II is the second longest serving pope in history and the longest serving pope of the last century His presence has thrown a long shadow across our time and his influence on Catholics and non Catholics throughout the world cannot be denied Much has been written about this pope but until now no one has provided a systematic and thorough analysis of the moral theology that underlies his moral teachings and its astonishing influence And no one is better positioned to do this than Charles E Curran widely recognized as the leading American Catholic moral theologian Curran focuses on the authoritative statements specifically the fourteen papal encyclicals the pope has written over the past twenty five years to examine how well the pope has addressed the broad issues and problems in the Church today Curran begins with a discussion of the theological presuppositions of John Paul II s moral teaching and moral theology Subsequent chapters address his theological methodology his ethical methodology and his fundamental moral theology together with his understanding of human life Finally Curran deals with the specific issues of globalization marriage conscience human acts and the many issues involved in social and sexual ethics While finding much to admire Curran is nonetheless fiercely precise in his analysis and rigorously thoughtful in his criticism of much of the methodological aspects of the pope s moral theology in his use of scripture tradition and previous hierarchical teaching in theological aspects including Christology eschatology and the validity of human sources of moral wisdom and knowledge and in anthropology the ethical model and natural law Brilliantly constructed and fearlessly argued this will be the definitive measure of Pope John Paul II s moral theology for years to come **History of Pope Boniface VIII and His Times** conte Luigi Tosti,1911 **Papal Paralysis** R. John Kinkel,2013-12-12 Papal Paralysis utilizes the historical case study method to describe the moral and ethical dilemma Catholic Church officials face when asked to help fight the worldwide spread of AIDS If popes and bishops allowed the use of condoms to prevent the spread of AIDS conservatives would say that the Church was abandoning its teaching against the use of contraceptives On the other hand if the Vatican rejected the use of condoms to prevent the spread of AIDS many Catholics would be put at risk for contracting HIV AIDS By the early 1980 s John Paul II made it clear that being a Catholic meant being opposed to artificial birth control When confronted with the AIDS pandemic in the 1980s he applied his understanding of church moral theology to this new health care problem and fought HIV AIDS through preaching abstinence and fidelity but

did not endorse the use of condoms Despite opposition to this teaching by more than 30 high ranking bishops and cardinals John Paul II and his successor Benedict XVI refused to change Not until 2010 did the Vatican s Congregation for the Doctrine of the Faith state with papal approval that using a condom to prevent spreading AIDS was morally superior to its opposite The book concludes that the church s failure to properly deal with the AIDS crisis was its greatest modern scandal with the end result being thousands of lives lost
