Splendour, Misery, and Possibilities Darko Suvin, 2016-06-27 *Suvin's X Ray of Socialist Yugoslavia* offers an indispensable overview of a unique and often overlooked twentieth century socialism It shows that the plebeian surge of revolutionary self determination was halted in SFR Yugoslavia by 1965 that between 1965 72 there was a confused and hidden but still open ended clash and that by 1972 the oligarchy in power was closed and static leading to failure The underlying reasons of this failure are analysed in a melding of semiotics and political history which points beyond Yugoslavia including its achievements and degeneration to show how political and economic democracy fail when pursued in isolation The emphasis on socialist Yugoslavia is at various points embedded into a wider historical and theoretical frame including Left debates about the party sociological debates about classes and Marx's great foray against a religious State doctrine in *The Jewish Question*
