Jacket **The Meaning of Icons** Léonide Ouspensky, Vladimir Lossky, 1982 The nature of the icon cannot be grasped by means of pure art criticism nor by the adoption of a sentimental point of view Its forms are based on the wisdom contained in the theological and liturgical writings of the Eastern Orthodox Church and are intimately bound up with the experience of the contemplative life The present work is the first of its kind to give a reliable introduction to the spiritual background of this art The introduction into the meaning and language of the icons by Ouspensky imparts to us in an admirable way the spiritual conceptions of the Eastern Orthodox Church which are often so foreign to us but without the knowledge of which we cannot possibly understand the world of the icon Back cover *Splinter's Edge* Boydell Bown, 2024-03-15 THE UNIVERSE IS TRYING TO KILL HIM Lahn just wants to ignore the world build some code with his AI and hide from the starless green sky But when horrible visions of future tech destruction invade his carefully curated calm he will have to risk his life and fight his fears to find out if the visions are real or a product of his own depersonalization If the visions are real everyone s at risk especially those he loves most And no one but Lahn can save them Probably time to put on some pants **If You See the Buddha** Thomas Gaiton Marullo, 1998 This study establishes Bunin as a modern writer whose images were thoroughly rooted in the 20th century and shows that Bunin s interest in Buddhism was a major influence on his writing
