This gorgeous 150th anniversary edition of *Alice's Adventures in Wonderland* is also a revelatory work of scholarship. *Alice's Adventures in Wonderland*, published 150 years ago in 1865, is a book many of us love and feel we know well. But it turns out we have only scratched the surface. Scholar David Day has spent many years down the rabbit hole of this children's classic and has emerged with a revelatory new view of its contents. What we have here, he brilliantly and persuasively argues, is a complete classical education in coded form. Carroll's gift to his wonder child, Alice Liddell, in two continuous commentaries woven around the complete text of the novel for ease of cross-reference on every page. David Day reveals the many layers of teaching concealed by manipulation of language that are carried so lightly in the beguiling form of a fairy tale. These layers relate directly to Carroll's interest in philosophy, history, mathematics, classics.

poetry spiritualism and even to his love of music both sacred and profane His novel is a memory palace given to Alice as the great gift of an education It was delivered in coded form because in that age it was a gift no girl would be permitted to receive in any other way Day also shows how a large number of the characters in the book are based on real Victorians Wonderland he shows is a veritable Who's Who of Oxford at the height of its power and influence in the Victorian Age There is so much to be found behind the imaginary characters and creatures that inhabit the pages of Alice's Adventures in Wonderland David Day's warm witty and brilliantly insightful guide beautifully designed and stunningly illustrated throughout in full colour will make you marvel at the book as never before **The Fruit of Her Hands** Sarah Ifft

Decker,2022-07-12 In the thriving urban economies of late thirteenth century Catalonia Jewish and Christian women labored to support their families and their communities The Fruit of Her Hands examines how gender socioeconomic status and religious identity shaped how these women lived and worked Sarah Ifft Decker draws on thousands of notarial contracts as well as legal codes urban ordinances and Hebrew responsa literature to explore the lived experiences of Jewish and Christian women in the cities of Barcelona Girona and Vic between 1250 and 1350 Relying on an expanded definition of women's work that includes the management of household resources as well as wage labor and artisanal production this study highlights the crucial contributions women made both to their families and to urban economies Christian women Ifft Decker finds were deeply embedded in urban economic life in ways that challenge traditional dichotomies between women in northern and Mediterranean Europe And while Jewish women typically played a less active role than their Christian counterparts Ifft Decker shows how in moments of communal change and crisis they could and did assume prominent roles in urban economies Through its attention to the distinct experiences of Jewish and Christian women The Fruit of Her Hands advances our understanding of Jewish acculturation in the Iberian Peninsula and the shared experiences of women of different faiths It will be welcomed by specialists in gender studies and religious studies as well as students and scholars of medieval Iberia
