Spoils Of The Desert:

Spoils of the Desert Hanes Segler, 2018-06-06 *Spoils of the Desert* begins with an innocent business trip to Laredo by import shop owner Mike Conner. He wants to buy a new line of ceramic goods for his El Paso shop but unbeknownst to him the brand he seeks has a special feature: some of the pieces contain cocaine. When the warehouse manager sells Mike a batch of the goods intended for drug kingpin Reynaldo Gomez, Mike's troubles begin. Accompanied by his girlfriend Sandra, Mike faces danger from all sides: the law, the drug lord, and his henchmen, wild animals, and perhaps the toughest adversary of all, the Chihuahuan Desert. For several harrowing days and nights, the pair fights to stay alive and ahead of the men who want them dead. In the process, they learn plenty about the drug business and survival among its players but even more about themselves and their own fragile relationship.

The Arabs at War in Afghanistan Mustafa Hamid, Leah Farrall, 2015-04-16 A former senior mujahidin figure and an ex-counterterrorism analyst cooperating to write a book on the history and legacy of Arab Afghan fighters in Afghanistan is a remarkable and improbable undertaking. Yet this is what Mustafa Hamid aka Abu Walid al Masri and Leah Farrall have achieved with the publication of their ground-breaking work. The result of thousands of hours of discussions over several years, *The Arabs at War in Afghanistan* offers significant new insights into the history of many of today's militant Salafi groups and movements. By revealing the real origins of the Taliban and al Qaeda and the jostling among the various jihadi groups, this account not only challenges conventional wisdom but also raises uncomfortable questions as to how events from this important period have been so badly misconstrued.

The Hebrew Monarchy Benajah Harvey Carroll, 1916 The Exhibit in the Text Caroline Patey, 2009 While interest in collecting and museology has increased exponentially over the years, the relationship between museums, collections, and literature has not been fully investigated. This book examines this intensifying relationship from the wake of the Enlightenment through to the end of the 19th century.

Sons of Ezra, 2022-04-25 *Sons of Ezra: British Poets and Ezra Pound* is about the impact of Ezra Pound upon British poets writing today. It is the story of a presence, then of a voice, and latterly of an idea. When Pound left London in 1920 after a stay of 12 years, his early ascendancy had waned, and during the 1930s his voice sounded more remotely in British ears. The first poet represented here, Edwin Morgan, began to read Pound towards the end of that decade. Pound's subsequent political reputation has meant that students now coming to university born after his death in 1972 have not opened a book of his poems in the way that several who testify here

remember doing with pleasure There was a revival of British interest in Pound with the publication of the Pisan Cantos and then in the 1960s and early 1970s but since then there has been little public opportunity for British poets to reflect on Pound Michael Alexander and James McGonigal invited British poets to whom Pound has meant something to reflect and to testify To the older writers he was a presence but the youngest contributors were born at the time that Pound fell silent about 1960 and to them he is an historical figure the greatest poetic influence since Wordsworth whose ambition seems an example to avoid as much as to follow **FWS/OBS.** ,1977 *Soil Conservation* United States. Modernism and Expatriation Lauren Arrington,2022-01-15 How did living abroad inflect writers perspectives on social change in the countries of their birth and in their adopted homelands How did writers reformulate ideas of social class race and gender in these new contexts How did they develop innovations in form and technique to achieve a style that reflected their social and political commitments The essays in this book show how the outward turn that typifies late modernist writing was precipitated in part by writers experience of expatriation Late Modernism Expatriation encompasses writing from the

1930s to the present day and considers expatriation in both its voluntary and coerced manifestations Together the essays in this book shape our understanding of how migration especially in its late twentieth and twenty first century complexities affects late modernism s temporalities The book attends to major theoretical questions about mapping late modernist networks and it foregrounds neglected aspects of writers work while placing other writers in a new frame
