The Mahatmas And Their Letters:

The Mahatmas and Their Letters Geoffrey A. Barborka, 1973 *Mahatmas And Their Letters* Geoffrey A Barborka, **The Mahatma Letters to A. P. Sinnett from the Mahatmas M. & K. H.** Alfred Percy Sinnett, 1924 The Mahatma Letters , 1975 *Handbook of the Theosophical Current* Olav Hammer, Mikael Rothstein, 2013-01-09 This title represents pioneering research into an important but under researched current The three sections in the book are devoted to the Theosophical Society Theosophically influenced religious currents and the interaction between Theosophy and surrounding culture **The Mahatma Letters to A. P. Sinnett from the Mahatmas M. and K. H.** A. T. Barker, 2013-10 This is a new release of the original 1923 edition **Letters from the Masters of the Wisdom** , 1919 Imagining the East Erik Reenberg Sand, Tim Rudbøgg, 2020 The essays in *Imagining the East* explore how Theosophists during the formative period imagined the religions and cultures of the East The authors examine the relationship of such representations to orientalism the history of ideas politics and culture at large and discuss how these esoteric or theosophical representations mirrored conditions and values current in nineteenth century mainstream intellectual culture The essays also look at how the early Theosophical Society s representations of the East differed from mainstream orientalism and how the Theosophical Society s mission in India was distinct from that of British colonialism and Christian missionaries **The Secret Gateway** Edward Abdill, 2012-12-19 While several books have been written on modern Theosophy the ancient wisdom tradition that can be found in every great culture from earliest times to the present none currently exist today in the form of Edward Abdill s new title Presenting his own interpretation of the basic Theosophical concepts established in the late nineteenth century by the brilliant mystic H P Blavatsky Abdill gives us perhaps the first simplified straightforward written version of the esoteric system that for centuries has often been misunderstood Through this concise easy to read introduction to Theosophy people of all faiths and religions can finally start to bridge the gap that is the realm between science and spirituality This book is the perfect guiding tool for all those on the quest to self discovery and self transformation filling the long awaited need of insight into the theories and practices that are the backbone of ancient wisdom that most foundational literature on modern Theosophy leaves to be desired *The Astrology of Relationship* Michael R. Meyer, 2000-01-20 Of all the branches of astrology it is probably synastry the technique of comparing the birth charts of two or more persons that most fascinates those who practice astrology today This is the first book to deal thoroughly with the basic purpose and techniques of chart comparison in clear contemporary terms Going beyond the simplistic popular methods which compare only sun signs Michael Meyer s humanistic approach to synastry offers a responsible tool for understanding the mutually constructive aspects of any relationship The *Astrology of Relationship* introduces the concept of relationship with a brief overview of its place in traditional astrological practice and its relation to certain Eastern Philosophical concepts Explaining the significance of planets houses and signs in determining personal compatibility Meyer offers a step by step technique for chart comparison

including full instructions for casting and interpreting zodiacal contact house contact and composite charts To demonstrate the methods described the book concludes with synastric analyses of three important relationships in history Sigmund Freud and Carl Jung George Sand and Frederic Chopin and founders of the Theosophical Society Madame Blavatsky and Henry Olcott Michael R Meyer is the author of A Handbook for the Humanistic Astrologer and The Astrology of Change Horary Astrology and its Humanistic Applications
