The Making of Britain Lesley M. Smith, 1987 *The Age of Revolution* Lesley M. Smith, 1987 **The Greek Revolution in the Age of Revolutions (1776-1848)** Paschalis M. Kitromilides, 2021-09-09 The Greek Revolution in the Age of Revolutions 1776 1848 brings together twenty one scholars and a host of original ideas revisionist arguments and new information to mark the bicentennial of the Greek Revolution of 1821 The purpose of this volume is to demonstrate the significance of the Greek liberation struggle to international history and to highlight how it was a turning point that signalled the revival of revolution in Europe after the defeat of the French Revolution in 1815 It argues that the sacrifices of rebellious Greeks paved the way for other resistance movements in European politics culminating in the spring of European peoples in 1848 Richly researched and innovative in approach this volume also considers the diplomatic and transnational aspects of the insurrection and examines hitherto unexplored dimensions of revolutionary change in the Greek world This book will appeal to scholars and students of the Age of Revolution as well as those interested in comparative and transnational history political theory and constitutional law **Britain's Bloodless Revolutions** A. Jarrells, 2005-08-17 Britain's Bloodless Revolutions explores the relationship of the emerging category of Literature to the emerging threat of popular violence between the Bloodless Revolution and the Romantic turn from revolution to reform The book argues that at a time when the political nature of the Bloodless Revolution became a subject of debate in the period defined by France's famously bloody revolution Literature emerged as a kind of political institution and constituted a bloodless revolution in its own right **British Foreign Policy in an Age of Revolutions, 1783-1793** Jeremy Black, 1994-04-14 In 1783 Britain had lost America and was unstable domestically By 1793 it had regained its position as the leading global power Three successive crises are examined during the intervening years in an effort to throw light on the British state in an Age of Revolutions and a crucial period of international development The Cumulative Book Index, 1997 A world list of books in the English language **The Age of Atlantic Revolution** Patrick Griffin, 2023-05-16 A bold new account of the Age of Revolution one of the most complex and vast transformations in human history A fresh and illuminating framework for understanding our past and imagining our future Powerfully argued and engagingly written Patrick Griffin's timely account of revolutionary regime change and reaction shows how a world of empires became our world of nation states Peter S Onuf coauthor of Most Blessed of the Patriarchs When we speak of an age of revolution what do we mean In this synoptic compelling book Patrick Griffin asks the difficult questions and invites readers to reconsider the answers Eliga Gould author of Among the Powers of the Earth The Age of Atlantic Revolution was a defining moment in western history Our understanding of rights of what makes the individual an individual of how to define a citizen versus a subject of what states should or should not do of how labor politics and trade would be organized of the relationship between the church and the state and of our attachment to the nation all derive from this period c 1750 1850 Historian Patrick Griffin shows that the Age of Atlantic Revolution was rooted
