The Manitou:

The Manitou Graham Masterton, 2014-05-27 An ancient vengeful spirit attempts to return through the body of a terrified young woman in this horror classic by an award winning master of the genre Rocky Mountain News Phony psychic and conman Harry Erskine never really believed in the occult until Karen Tandy approached him with a rapidly growing tumor on her neck complaining of dark and disturbing dreams When the mass is revealed by doctors to contain something living the stakes skyrocket not only for Karen and Harry but for all humanity Something terrible is returning from the shadows to which it has been confined for centuries a Native American monstrosity determined to destroy every vestige of the white race that oppressed and preyed upon America's Indians And unless a motley group of ill prepared defenders can harness an ancient native magic there will be no stopping the malevolent shaman's terrible rebirth and no escaping the wholesale carnage it will engender The Manitou introduced the great Graham Masterton to the canon of horror instantly placing him among the genre's elite A longtime favorite for its bold originality unrelenting creepiness supernatural shocks and otherworldly surprises that would have made H P Lovecraft proud Masterton's classic continues to stand tall alongside Stephen King's Carrie Peter Straub's Ghost Story and other unforgettable literary horror debuts [The Bridge of Manitou's](#)

Paul Weightman, 2019-08-17 An act of pure evil haunts an old railway bridge and town for over two hundred years There are four types of people who stumble upon that bridge The stupid the thoughtless unsuspecting strangers and the very young and innocent In the summer before the bridge was abandoned the only thing you had to worry about on that bridge was an oncoming train but in the winter Not since the nineteen sixties has anyone had to worry about that anytime of the year but during the winter there's something else on that bridge No one knows what that something is but during the winter months anyone who wonders up on the deck of that bridge is never seen again at least nothing of them other than the gory bloody specks scattered over the surface Whatever it is that cast its evil there anyone who has ever seen it hasn't returned to tell their story until recently *Professional Paper* Geological Survey (U.S.), 1903 **Experimental Forests and Ranges of**
