Szasz (M.D.), 1970 **The manufacture of madness: a comparative study of the Inquisition and the Mental Health Movement** Thomas Stephen Szasz, **The Manufacture Of Madness** Thomas Stephen Szasz, 1970 **Manufacture of Madness** Thomas Szasz, 1972 **The Confinement of the Insane** Roy Porter, David Wright, 2003-08-07 The rise of the asylum constitutes one of the most profound and controversial events in the history of medicine Academics around the world have begun to direct their attention to the origins of the confinement of those deemed insane exploring patient records in an attempt to understand the rise of the asylum within the wider context of social and economic change of nations undergoing modernisation Originally published in 2003 this edited volume brings together thirteen original research papers to answer key questions in the history of asylums What forces led to the emergence of mental hospitals in different national contexts To what extent did patient populations vary in terms of their psychiatric profile and socio economic background What was the role of families communities and the medical profession in the confinement process This volume therefore represents a landmark study in the history of psychiatry by examining asylum confinement in a global context **Electroconvulsive Therapy in America** Jonathan Sadowsky, 2016-11-03 Electroconvulsive Therapy is widely demonized or idealized Some detractors consider its very use to be a human rights violation while some promoters depict it as a miracle the penicillin of psychiatry This book traces the American history of one of the most controversial procedures in medicine and seeks to provide an explanation of why ECT has been so controversial juxtaposing evidence from clinical science personal memoir and popular culture Contextualizing the controversies about ECT instead of simply engaging in them makes the history of ECT more richly revealing of wider changes in culture and medicine It shows that the application of electricity to the brain to treat illness is not only a physiological event but also one embedded in culturally patterned beliefs about the human body the meaning of sickness and medical authority **PsychoPolitics** Peter Sedgwick, 2022-08-20 A powerful and impassioned defence of psychiatry urging the Left to confront the harsh realities of mental illness William Davis author of *The Happiness Industry* A new edition of one of the most significant and credible critiques of the anti psychiatry movement As relevant today as it was when first published in 1982 the book changed the conversation on mental health and illness demanding that we assess its relationship to the wider decay of social institutions Dissecting the work of popular anti psychiatric thinkers Erving Goffman R D Laing Michel Foucault and Thomas Szasz Sedgwick exposed the conservative undercurrents and false hopes represented by the alternative psychiatry of the sixties and seventies challenging the very real impact it had on our collective responsibility to look after the mentally ill With a new

introduction that highlights the relevance of Sedgwick's demands for modern mental health movements the practice of psychiatry and for left wing activists this new edition further cements PsychoPolitics cult classic status
