The Lure of San Francisco (a Romance Amid Old Landmarks) Gray Elizabeth Potter, 2007-04-01 *The Lure of San Francisco, A Romance* Elizabeth Gray Potter and Mabel Thayer Gray, **The Lure of San Francisco** Elizabeth Gray Potter, 2016-11-30 Excerpt from *The Lure of San Francisco A Romance Amid Old Landmarks* The average visitor considers California's claim to historic recognition as dating from the discovery of gold Her children both by birth and adoption have a hazy pride in her Spanish origin but are too busy with today's interests to take much thought of it They know that somewhere over in the Mission is the old adobe church They rejoice that it escaped the fire but have no time to visit it They will proudly tell their eastern friends of its existence and that the Presidio received its name from the Spaniards but further narration of the heritage is lost in exclamations over the beauty of the drives and the views while the historic significance of Portsmouth Square is smothered in the delight over Chinese embroideries bronzes and cloisonne About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Lure of San Francisco** Elizabeth Gray Potter, Mabel Thayer Gray, 1915 *Empress San Francisco* Abigail M.

Markwyn,2021-03-01 When the more than eighteen million visitors poured into the Panama Pacific International Exposition in San Francisco in 1915 they encountered a vision of the world born out of San Francisco's particular local political and social climate. By seeking to please various constituent groups ranging from the government of Japan to local labor unions and neighborhood associations, fair organizers generated heated debate and conflict about who and what represented San Francisco, California, and the United States at the world's fair. The Panama Pacific International Exposition encapsulated the social and political tensions and conflicts of pre-World War I California and presaged the emergence of San Francisco as a cosmopolitan cultural and economic center of the Pacific Rim. Empress San Francisco offers a fresh examination of this one of the largest and most influential world's fairs by considering the local social and political climate of Progressive Era San Francisco. Focusing on the influence exerted by women, Asians, and Asian Americans, and working class labor unions, among others, Abigail M. Markwyn offers a unique analysis both of this world's fair and the social construction of pre-World War I America and the West. How Cities Won the West Carl Abbott,2008 Bass Play Along The Bass Play Along series will help you play your favorite songs quickly and easily. The Publishers Weekly,1915 **Doing the Town** Catherine Cocks,2001-09-19 This fascinating cultural history, studded with vivid details, brings the experience of Victorian era travel alive. It explores the beginnings of urban tourism and sets the phenomenon within a larger cultural transformation that encompassed fundamental changes in urban life and national identity. *Making the Mission* Ocean Howell,2015-11-17 When and how does a neighborhood become a political actor? How does a collective identity take shape out of local politics? In his fantastically precise and well-illustrated study of the Mission District in San Francisco, Ocean Howell draws together the perspectives of formal and informal groups as well as city officials and district residents as they together work and occasionally fight to establish the bounds of the public, the public interest, and what the neighborhood wants. Howell also articulates the development and nuances of Latino political power in the district, bringing out stories and context that have received little attention until now. In the process, he shows that national narratives about how cities grow and change are always insufficient; everything is always shaped by local actors and concerns.
