The Makepeace Experiment Lyubimov:

The Makepeace Experiment Abram Tertz, 1977 The Makepeace Experiment Abram Tertz, 1989 Lenny Makepeace uses magic and propaganda to lead Russia to a Marxist utopia *The Decline and Fall of Soviet Empire* Fred Coleman, 1996 Red Coleman A Moscow correspondent for the Associated Press Newsweek and U S News and World Report has spent over thirty years gathering observations and experiences to produce this in depth up close definitive examination of the fall of the Soviet Union and the people and events that contributed essentially to its demise From the Kremlin Palace coup against Nikita Khrushchev in 1964 to the invasion of Czechoslovakia and the emergence of the Soviet dissident movement during Leonid Brezhnev's rule to the rise and fall of Mikhail Gorbachev and Boris Yeltsin's troubled presidency through 1995 Coleman was the man on the scene for virtually every defining event of Russian history in the postwar era

Literary Insinuations Walter F. Kolonosky, 2003-01-01 Scholar satirist and critic Andrei Sinyavsky was considered so politically dangerous to the Russian communist regime that he was sentenced to the gulag for seven years Given the grim political circumstances in which he wrote it is hardly surprising that many theorists have overlooked the strain of dark humor that runs through many of his writings The first in depth examination of Sinyavsky's satirical side *Literary Insinuations* Sorting out Sinyavsky's Irreverence is one of the few English language works on this brilliant author Walter Kolonosky combines rich historical detail with close textual analysis to produce a study of playful and provocative writing which ties together many loose ends in Sinyavsky scholarship Letters to the Future Richard Lourie, 2019-06-30 To fill the void that resulted from the shattering of his Marxist beliefs Andrei Sinyavsky invented Abram Tertz Weaving together biography and keen literary insights this book traces the metamorphosis of Sinyavsky teacher and critic into Tertz clandestine writer of fantastical fiction It reviews the crises in Soviet society before and after Stalin's death and describes the loss of faith that precipitated Sinyavsky's dual existence ending with the writer's arrest trial and imprisonment in 1966 Sympathetic yet critical Mr Lourie treats all of Sinyavsky's pretrial writings He discusses *The Trial Begins* *Thought Unaware* *On Socialist Realism* *The Fantastic Stories* and *The Makepeace Experiment* as works of art and as visible signs of complex and changing relationships Each work is assessed in the context within which it was written and is compared with other Russian works and with contemporary Polish European and American writings Sinyavsky's literary criticism published in Russia under his own name is evaluated on its own terms and in the light of his fiction In addition to all of the published writings Mr Lourie makes full use of the record of Sinyavsky's trial reminiscences of his friends and the small body of critical literature available The book provides not only a balanced and eloquent appraisal of the life and art of a modern Russian master but it offers an extraordinary view into the mind of a Soviet intellectual Dystopian Fiction East and West Erika Gottlieb, 2001-07-04 Gottlieb juxtaposes the Western dystopian genre with Eastern and Central European versions introducing a selection of works from Russia Poland Hungary and Czechoslovakia She demonstrates that authors who write about and under

totalitarian dictatorship find the worst of all possible worlds not in a hypothetical future but in the historical reality of the writer's present or recent past. Against such a background the writer assumes the role of witness protesting against a nightmare world that is but should not be. She introduces the works of Victor Serge, Vassily Grossman, Alexander Zinoviev, Tibor Dery, Arthur Koestler, Vaclav Havel and Istvan Klima as well as a host of others all well known in their own countries presenting them within a framework established through an original and comprehensive exploration of the patterns underlying the more familiar Western works of dystopian fiction.
