Melancholy Politics Jean-Philippe Mathy, 2011-01-01 The current cultural climate in France is often described as one of d clinisme or sinistrose a mixture of pessimism about the national future nostalgia for the past and a sinister sense of irreversible decline concerning the present The notion of democratic melancholia has become widely popular cropping up time and again in academic papers and newspaper articles In *Melancholy Politics* Jean Philippe Mathy examines the development of this disenchanted mood in the works of prominent French philosophers historians and sociologists since the beginning of the 1980s This period represents a significant turning point in French intellectual life as the legacy of major postwar and sixties theorists such as L vi Strauss Derrida and Foucault was increasingly challenged by a younger generation of authors who repudiated both Marxism and structuralism The book is not a classic intellectual or cultural history of post 1968 France but rather a contribution to the understanding of the present a collection of soundings into what remains largely a complex ongoing process
