The Manifesto Of Entrepreneurial Democracies:

The Manifesto of Entrepreneurial Democracies Alexandre Raab, 1989-10-01 **The Manifesto of Entrepreneurial Democracies** Alexandre Raab, 1989 **Comparing New Democracies** Enrique A. Baloyra, 2019-04-09 The transition to democracy has been a significant trend in Mediterranean Europe and Latin America during the last ten years This book presents comparative analyses that offer a theoretical synthesis of the dynamics of recent democratization processes on both sides of the Atlantic The contributors argue that transition is a response to fundamental **Democracy as Problem Solving** Xavier De Souza Briggs, 2008-07-18 Case studies from around the world and theoretical discussion show how the capacity to act collectively on local problems can be developed strengthening democracy while changing social and economic outcomes Complexity division mistrust and process paralysis can thwart leaders and others when they tackle local challenges In **Democracy as Problem Solving** Xavier de Souza Briggs shows how civic capacity the capacity to create and sustain smart collective action can be developed and used In an era of sharp debate over the conditions under which democracy can develop while broadening participation and building community Briggs argues that understanding and building civic capacity is crucial for strengthening governance and changing the state of the world in the process More than managing a contest among interest groups or spurring deliberation to reframe issues democracy can be what the public most desires a recipe for significant progress on important problems Briggs examines efforts in six cities in the United States Brazil India and South Africa that face the millennial challenges of rapid urban growth economic restructuring and investing in the next generation These challenges demand the engagement of government business and nongovernmental sectors And the keys to progress include the ability to combine learning and bargaining continuously forge multiple forms of accountability and find ways to leverage the capacity of the grassroots and what Briggs terms the grassstops regardless of who initiates change or who participates over time Civic capacity Briggs shows can and must be developed even in places that lack traditions of cooperative civic action **Transformative Researchers and Educators for Democracy** João M. Paraskeva, Thad LaVallee, 2015-02-27 The 2012 Critical Transformative Educational Leadership and Policy Annual Conference hosted by the University of Massachusetts Dartmouth met head on with issues of neoliberalism educational democracy cultural politics public education and seeing teachers and administrators as critical transformational leaders This book is a collection of the highlights of that conference that addresses these arenas of debate from the presentations of Deborah Meier Ken Saltman Clyde Barrow and Joao Rosa among others to the works of emerging academics and intellectuals in the field of education The book to serve as an antidote to such ill informed thinking before it becomes a part of the cultural commonsense much the way the manufactured realities of high stakes testing standardization and police guarded schools have become normative It is urgent to learn to accurately read reality in a world in which language and discourse are being resignified to confuse people and turn reality into a board game a world which large corporations and global financial powers play the role of the old

mythological gods creators of dogmas and flamboyant realities that they want us to submit and worship This volume is an outcome of an important political critical transformative pedagogical project that challenges the lethal consequences of the impact of neoliberal policies in education We need to welcome Paraskeva and LaVallee s contribution since it offers a crucial tool to help us articulate accurately a critical diagnosis as well as solutions for a more just and democratic public education that cultivates humanity Jurjo Torres Santom University of Corunha Spain This new collection Transformative Researchers and Educators for Democracy Dartmouth Dialogues is one of the most impressive outcomes of a critical transformative program at the University of Massachusetts Dartmouth Jo o M Paraskeva and Thad LaVallee provide their readers with a careful selection of chapters that explore the idea of critical and transformative leadership for a democratic conception of education focusing on a range of related themes in understanding the dimensions of cultural and organizational change A crucial volume focusing on aspects of the critique of neoliberal globalization in education and a needed book that insightfully combines critique and robust analysis with a utopian and positive agenda for critical transformation Michael A Peters University of Waikato NZ and University of Illinois Urbana Champaign USA This edited volume is the result of an amazing critical transformative program in educational leadership and policy studies chaired by Jo o M Paraskeva Paraskeva and LaVallee produced an important contribution to a timely topic that provides clear evidences that the free market model of education it is not a hope for good public education This book is not only important to US educators but it is really crucial for educators all over the world What is analyzed in this book is taking place in Europe Asia Latin America Africa and the Middle East Alvaro Moreira Hypolito University Federal de Pelotas Brasil [The Routledge Handbook of Collective Intelligence for Democracy and Governance](#) Stephen Boucher,Carina Antonia Hallin,Lex Paulson,2023-06-19 The Routledge Handbook of Collective Intelligence for Democracy and Governance explores the concepts methodologies and implications of collective intelligence for democratic governance in the first comprehensive survey of this field Illustrated by a collection of inspiring case studies and edited by three pioneers in collective intelligence this handbook serves as a unique primer on the science of collective intelligence applied to public challenges and will inspire public actors academics students and activists across the world to apply collective intelligence in policymaking and administration to explore its potential both to foster policy innovations and reinvent democracy The Routledge Handbook of Collective Intelligence for Democracy and Governance is essential reading and an authoritative reference for scholars students researchers and practitioners of public policy public administration governance public management information technology and systems innovation and democracy as well as more broadly for political science psychology management studies public organizations and individual policy practitioners public authorities civil society activists and service providers Visit the handbook s dedicated website Smarter Together for complementary material [Dance of Democracy](#) E Sudhakar,2023-08-31 This is a general narration of the entire drama of the elections in the largest democracy of the world India Being a slugfest intended to decide who should sit in the seat of

power it attracts a lot of attention within and outside the country and ropes in a number of enthusiastic actors big and small and rakes up a lot of din and dust throwing up money and material in the process The general elections are quinquennial affair in India and every time they are held they create a lot of commotion and hype throughout the country This time around i e in 2019 this battle of ballots provided a colourful intensely absorbing and juicy drama which was not witnessed on previous occasions with some exceptions There were many players in the arena with an ardent desire to seize power including the incumbent prime minister Mr Narendra Modi and others like Mamata Banerjee Mayawati K Chandrashekhara Rao Sharad Pawar Arvind Kejriwal Deve Gowda and of course the Gandhis scion Rahul The array of the political stalwarts everyone having with an axe to grind and everyone exuding fierce instinct and confidence to fight the sworn enemy viz the Bharatiya Janata Party and its top leader and Prime Minister Narendra Modi made it a saga of grand proportions As every election brings some lessons messages and some experiences to guide the political leaders people and the scholars this story of 2019 elections is a piece of brief political history that can guide to assess the past and prove to be an instrument of reality check to the political parties its leaders and the people Democracy, Development, and the Countryside Ashutosh

Varshney, 1998-09-18 Several scholars have written about how authoritarian or democratic political systems affect industrialization in the developing countries There is no literature however on whether democracy makes a difference to the power and well being of the countryside Using India as a case where the longest surviving democracy of the developing world exists this book investigates how the countryside uses the political system to advance its interests It is first argued that India's countryside has become quite powerful in the political system exerting remarkable pressure on economic policy The countryside is typically weak in the early stages of development becoming powerful when the size of the rural sector defies this historical trend But an important constraint on rural power stems from the inability of economic interests to overpower the abiding ascriptive identities and until an economic construction of politics completely overpowers identities and non economic interests farmers power though greater than ever before will remain self limited **The Struggle for**

Democracy in Chile Paul W. Drake, Ivan Jaksic, 1995-01-01 This revised edition of *The Struggle for Democracy in Chile* should prove even more useful to the student of Latin American history and politics than the original It updates important background information on the evolution of Chile's military dictatorship in the 1970s and its erosion in the 1980s Brian Loveman an authority on contemporary Chilean politics offers a comprehensive examination of the transition to civilian government in Chile from 1990 to 1994 in a substantial new chapter Loveman chronicles the rise of the Concertación coalition the strained relations between General Pinochet's military and President Aylwin's civilian government and the roles of the National Women's Service SERNAM the Catholic Church and the indigenous peoples of Chile All eleven essays by the leading authorities on the Pinochet regime from the earlier edition have been retained The bibliography has been updated and the index improved *The Struggle for Democracy in Chile* remains the first and foremost book on the transition over the

last twenty five years from dictatorship to democracy in Chile The Vernacularisation of Democracy Lucia Michelutti, 2020-11-29 The book is an ethnographic exploration of how democracy takes social and cultural roots in India and in the process shapes the nature of popular politics It centres on a historically marginalised caste who in recent years has become one of the most assertive and politically powerful communities in North India the Yadavs The Vernacularisation of Democracy is a vivid account of how Indian popular democracy works on the ground Challenging conventional theories of democratisation the book shows how the political upsurge of the lower orders is situated within a wider process of the vernacularisation of democratic politics referring to the ways in which values and practices of democracy become embedded in particular cultural and social practices and in the process become entrenched in the consciousness of ordinary people During the 1990s Indian democracy witnessed an upsurge in the political participation of lower castes communities and the emergence of political leaders from humble social backgrounds who present themselves as promoters of social justice for underprivileged communities Drawing on a large body of archival and ethnographic material the author shows how the analysis of local idioms of caste kinship kingship popular religion the past and politics the vernacular inform popular perceptions of the political world and of how the democratic process shapes in turn the vernacular This line of enquiry provides a novel framework to understand the unique experience of Indian democracy as well as democratic politics and its meaning in other contemporary post colonial states Using as a case study the political ethnography of a powerful northern Indian caste the Yadavs and combining ethnographic material with colonial and post colonial history the book examines the unique experience of Indian popular democracy and provides a framework to analyse popular politics in other parts of the world The book fills
