The Manx Dossier:

The Dracula Dossier James Reese, 2009-10-06 While taking an evening stroll through one of London's most impoverished districts author Bram Stoker spies a maddeningly familiar figure hurrying through the shadows Little does he know that only a few steps away a vicious killer has claimed his first victim a local prostitute The crime spree of the century has begun and the hapless writer is the prime suspect Now to clear his name Stoker must enlist the aid of illustrious friends including Walt Whitman the wildly popular novelist Sir Thomas Henry Hall Caine and Lady Jane Wilde mother of the most notorious literary notable of the day to hunt down the fiend who is taunting and terrorizing London and calling himself Jack the Ripper Mineral Dossier, 1973 **The Avengers Dossier** Paul Cornell, Martin Day, Keith Topping, 2013-10-31 More than any other series THE AVENGERS typified the Swinging Sixties beginning in 1961 with Patrick Macnee starring with Ian Hendry in a grainy realistic spy thriller and ending in 1969 with Macnee and the glamorous Linda Thorson blasting off into space in a surreal episode appropriately entitled Bizarre Meanwhile we had seen the memorable Honor Blackman and Diana Rigg in roles unusually progressive for British television THE NEW AVENGERS in the mid seventies reflected changing times but retained the essence of the show as Macnee returned to play alongside another strong independent heroine in the form of Joanna Lumley's Purdey And then there was the film THE AVENGERS DOSSIER is a uniquely comprehensive yet humorous survey of all the show's incarnations As well as a remarkably detailed episode guide to both series even covering the kinkiness factor and champagne count in both this volume gives behind the scenes insights and revelations about every aspect of the programme The film and its production are examined and critical essays look at the history behind the cult

Spaces of Spirituality Nadia Bartolini, Sara MacKian, Steve Pile, 2018-02-15 Spirituality is too often subsumed under the heading of religion and treated as much the same kind of thing Yet spirituality extends far beyond the spaces of religion The spiritual makes geography strange challenging the relationship between the known and the unknown between the real and the ideal and prompting exciting possibilities for charting the ineffable spaces of the divine which lie somehow beyond geography In setting itself that task this book pushes the boundaries of geographies of religion to bring into direct focus questions of spirituality By seeing religion through the lens of practice rather than as a set of beliefs geographies of religion can be interpreted much more widely bringing a whole range of other spiritual practices and spaces to light The book is split into three sections each contextualised with an editors introduction to explore the spaces of spiritual practice the spiritual production of space and spiritual transformations This book intends to open to up new questions and approaches through the theme of spirituality pushing the boundaries on current topics and introducing innovative new ideas including esoteric or radical spiritual practices This landmark book not only captures a significant moment in geographies of spirituality but acts as a catalyst for future work
