The Many Faces Of Yugoslavia:

The Many Faces of Yugoslavia Pierre Leprohon, 1975

The Many Faces of Communism Morton A. Kaplan, 1978

The Many Faces of Christianity, 2025-08-28 Is the Russian invasion of Ukraine a Holy War This book offers insights into the complex ideology of the Russki Mir or Russian World which must be understood as Russian shaped world order or peace but above all a claim to the sacred The collected essays describe how Far Right politics in Europe and its resonances with the Russian World nod to the changing meaning of Christianity defying and transforming the categories of religion and politics and challenging common conceptions of the role of Christianity in European politics **The Many Faces of the Contemporary Russian Propaganda in the Balkans** Vladimir Đorđević, 2024-09-05 The Many Faces of the Contemporary Russian Propaganda in the Balkans Sputnik Srbija analyzes information published by the news website Sputnik Srbija during the first year of the Russian invasion of Ukraine This book provides an overview of the contemporary Serbian media sphere and the dire conditions that Serbian journalists face to explore how Russian propaganda has flourished in the region This volume establishes a framework to understand the ideological core of Russian propaganda that above all aims to reconstruct societal reality through anti Western rhetoric This framework helps to explore the relationship between Russian propaganda and Serbian nationalism expanding on the significance of their mutual ties and confronting the implications of their close knit connections **Architectures of Violence** Kate Ferguson, 2022-05-01 Paramilitary or irregular units have been involved in practically every case of identity based mass violence in the modern world but detailed analysis of these dynamics is rare Exploring the case of former Yugoslavia the genocides in Rwanda and Darfur and the ongoing violence in Syria Kate Ferguson exposes the relationships between paramilitaries state commands local communities and organized crime She presents these architectures of violence as a way of comprehending how the various structures of command and control fit together into domestic and international webs of support enabling and encouraging irregular and paramilitary violence Visible paramilitary participation in modern mass atrocities has succeeded in masking the continued dominance of the state in a number of violent crises Irregular combatants have participated so significantly in committing atrocity crimes because political elites benefit from using unconventional forces to fulfil ambitions that violate international law and international policy responses are hindered when responsibility for violence is ambiguous Ferguson s inquiry into these overlooked dynamics of mass violence unveils substantial loopholes in current atrocity prevention architecture Until these are addressed state authorities will likely continue to use irregular combatants as perpetrators of atrocity **The Many Faces of Asian Security** Sheldon W. Simon, 2001 This authoritative volume evaluates post Cold War approaches to security in the Asia Pacific Leading specialists first examine traditional security concerns military capabilities balance of power territorial and resource disputes the effects of new technologies on military strategy and the problems involved in maintaining sovereignty in the face of globalization They then introduce the new security agenda of economic and financial stability the effects of

environmental degradation human rights and political stability and the impact of transnational crime Their wide ranging and incisive discussions will be of interest to policymakers scholars and students alike Visit our website for sample chapters

The Feminist Challenge to the Socialist State in Yugoslavia Zsófia Lóránd,2018-09-27 This book tells the story of new Yugoslav feminism in the 1970s and 1980s reassessing the effects of state socialism on women s emancipation through the lens of the feminist critique This volume explores the history of the ideas defining a social movement analysing the major debates and arguments this milieu engaged in from the perspective of the history of political thought intellectual history and cultural history Twenty five years after the end of the Cold War societies in and scholars of East Central Europe still struggle to sort out the effects of state socialism on gender relations in the region What could tell us more about the subject than the ideas set out by the only organised and explicitly feminist opposition in the region who as academics artists writers and activists criticised the regime and demanded change

The Different Faces of Politics in Literature and Music Mario Vassallo,Andre P. DeBattista,2023-12-06 This book highlights the links between politics and governance and the arts The essays in the volume show how literature and music have challenged those in power risking political censure In addition they also try to delineate how patronage has been used for propaganda or to stir up national fervour They focus on the tension and symbiosis between the politician and the artist foregrounding how they have always tried to influence challenge and in some cases undermine one another This volume will serve as an indispensable source for researchers and academics in political science the humanities and performing arts

The Many Faces of Change Paul Meadows,1971 [The Legacy of Yugoslavia](#) Othon Anastasakis,Adam Bennett,David Madden,Adis Merdzanovic,2020-06-25 What are the consequences of Yugoslavia s existence and breakup for the present This book reflects on this very question identifying and analysing the political legacies left behind by Yugoslavia through the prism of continuities and ruptures between the past and present of the area After the collapse of Yugoslavia it s former states adopted a nation building process which opted to eradicate the past as such an approach seemed more convenient for the new national projects The new states adopted new institutions new market oriented economic paradigms and new national symbols Yugoslavia existed for 70 years and to consider the current political situation in post Yugoslav states such as Slovenia Croatia Bosnia and Herzegovina Serbia Montenegro North Macedonia and Kosovo without taking into account the legacy and remnants of Yugoslavia is to discount a vital part of their political history This volume takes a multi disciplinary and multi faceted approach to examining the legacy of Yugoslavia covering politics society international relations and economics Focusing on distinctive features of Yugoslavia including worker self management the combination of liberalism and communism and the Cold War policy of Non Alignment The Legacy of Yugoslavia places Yugoslavia in historical perspective and connects the region s past with its contemporary political situation
