A romantic scene from a Regency-era novel. A man with dark hair, wearing a white shirt and a gold patterned vest, is embracing a woman with blonde hair in a green floral dress. Miss Jennie Bemyss was in a position that any intelligent young lady would envy. The wealthy worldly Marquis of Charrington proposed a marriage of convenience that would leave him free to pursue his pleasures and leave Jennie free of his undoubtedly depraved desires. At the same time, handsome charming Guy Chalmers, whom Jennie had loved since childhood, proposed to aid her in enjoying her freedom to the fullest. Jennie should have felt relief at being left alone at last by a man whom she should properly despise. She should have felt even happier to be courted by a man whom she had so long adored. Why then did she feel so confused?

MALCOLM & THE MARQUIS'S SECRET: Complete Marquise of Lossie Collection (Adventure Classic) George MacDonald, 2024-01-09

In *Malcolm The Marquis's Secret*, Complete Marquise of Lossie Collection, George MacDonald weaves a rich tapestry of Victorian adventure infused with themes of social class and moral integrity. Young man is raised by his grandfather and discovers that he has noble origins and that he is actually the true son of the Marquise of Lossie. He manages to find employment in the castle and gains the mad laird's trust. Step by step he is entering the new world and introducing the life that was taken from him in the first place. The Marquis Secret completes the story of Malcolm, a young fisherman set to become new Marquise of Lossie. Malcolm decides to hide his true identity so he can help his sister who got herself under some very bad influences in London. He reveals the truth about his origins to her and goes on to take his position as a marquis.

George MacDonald 1824-1905 was a Scottish author, poet, and Christian minister. He was a pioneering figure in the field of fantasy literature and the mentor of fellow writer Lewis Carroll. His writings have been cited as a major literary influence by many notable authors including W. H. Auden, C. S. Lewis, J. R. R. Tolkien, Walter de la Mare, E. Nesbit, and Madeleine L. Engle. G. K. Chesterton cited *The Princess and the Goblin* as a book that had made a difference to his whole existence. MacDonald has been credited with founding the kailyard school of Scottish writing.

The Seeming and the Seen Beverly Maeder, 2006 Taking their cue from the polymorphous relationship between word and image, the essays of this book explore how different media translate the world of phenomena into aesthetic, intellectual, or sensual experience. They embrace the media of poetry, fiction, drama, engraving, painting, photography, film, and advertising posters ranging from the early modern to the postmodern periods. At the heart of the volume lie essays on works that characteristically perform intriguing interactions between the verbal and visual modes. They discuss the manifold ways in which artists as different as William Blake or Gertrude Stein, Diane Arbus or Stanley Kubrick heighten the tension between the linguistic and the seen. Taken both individually and collectively, this volume's contributions illuminate the problematics of how readers and spectators transform verbal and visual representation into worlds of seeming.
