Small Town Living:

Living in a Small Town Lisa Trumbauer, 2005 Simple text and photographs describe life in small towns including its neighborhoods shops and parks *Small-Town America* Robert Wuthnow, 2015-05-26 A revealing examination of small town life More than thirty million Americans live in small out of the way places Many of them could have joined the vast majority of Americans who live in cities and suburbs They could live closer to more lucrative careers and convenient shopping a wider range of educational opportunities and more robust health care But they have opted to live differently In *Small Town America* we meet factory workers shop owners retirees teachers clergy and mayors residents who show neighborliness in small ways but who also worry about everything from school closings and their children s futures to the ups and downs of the local economy Drawing on more than seven hundred in depth interviews in hundreds of towns across America and three decades of census data Robert Wuthnow shows the fragility of community in small towns He covers a host of topics including the symbols and rituals of small town life the roles of formal and informal leaders the social role of religious congregations the perception of moral and economic decline and the myriad ways residents in small towns make sense of their own lives Wuthnow also tackles difficult issues such as class and race abortion homosexuality and substance abuse *Small Town America* paints a rich panorama of individuals who reside in small communities finding that for many people living in a small town is an important part of self identity

Clayton,1996 Describes the advantages of living in a small town and discusses cost of living job opportunities and becoming part of a new community The 100 Best Small Towns in America Norman Crampton,1993 A nationwide guide to the best in small town living Cover subtitle **Habits of the Heartland** Lyn C. Macgregor,2013-09-15 Although most Americans no longer live in small towns images of small town life and particularly of the mutual support and neighborliness to be found in such places remain powerful in our culture In Habits of the Heartland Lyn C Macgregor investigates how the residents of Viroqua Wisconsin population 4 355 create a small town community together Macgregor lived in Viroqua for nearly two years During that time she gathered data in public places attended meetings volunteered for civic organizations talked to residents in their workplaces and homes and worked as a bartender at the local American Legion post Viroqua has all the outward hallmarks of the idealized American town the kind of place where local merchants still occupy the shops on Main Street and everyone knows everyone else On closer examination one finds that the town contains three largely separate social groups Alternatives Main Streeters and Regulars These categories are not based on race or ethnic origins Rather social distinctions in Viroqua are based ultimately on residents ideas about what a community is and why it matters These ideas both reflect and shape their choices as consumers whether at the grocery store as parents of school age children or in the voting booth Living with and listening to the town s residents taught Macgregor that while traditional ideas about community especially as it was connected with living in a small town still provided an important organizing logic for peoples lives there were a variety of ways to understand and create community What's It Like to Live Here? Meatpacking America Kristy Nabhan-Warren,2021-08-09 Whether valorized as the heartland or derided as flyover country the Midwest became instantly notorious when COVID 19 infections skyrocketed among workers in meatpacking plants and Americans feared for their meat supply But the Midwest is not simply the place where animals are fed corn and then butchered Native midwesterner Kristy Nabhan Warren spent years interviewing Iowans who work in the meatpacking industry both native born residents and recent migrants from Latin America Africa and Asia In Meatpacking America she digs

deep below the stereotype and reveals the grit and grace of a heartland that is a major global hub of migration and food production and also it turns out of religion Across the flatlands Protestants Catholics and Muslims share space every day as worshippers employees and employers On the bloody floors of meatpacking plants in bustling places of worship and in modest family homes longtime and newly arrived Iowans spoke to Nabhan Warren about their passion for religious faith and desire to work hard for their families Their stories expose how faith based aspirations for mutual understanding blend uneasily with rampant economic exploitation and racial biases Still these new and old midwesterners say that a mutual language of faith and morals brings them together more than any of them would have ever expected
