Wetland and Riparian Areas of the Intermountain West Mark C. McKinstry, Wayne A. Hubert, Stanley H. Anderson, 2004-07-01 Wetlands and riparian areas between the Rocky Mountains and the Sierra Nevada are incredibly diverse and valuable habitats More than 80 percent of the wildlife species in this intermountain region depend on these wetlands which account for less than 2 percent of the land area for their survival At the same time the wetlands also serve the water needs of ranchers and farmers recreationists vacation communities and cities It is no exaggeration to call water the liquid gold of the West and the burgeoning human demands on this scarce resource make it imperative to understand and properly manage the wetlands and riverine areas of the Intermountain West This book offers land managers biologists and research scientists a state of the art survey of the ecology and management practices of wetland and riparian areas in the Intermountain West Twelve articles examine such diverse issues as laws and regulations affecting these habitats the unique physiographic features of the region the importance of wetlands and riparian areas to fish wildlife and livestock the ecological function of these areas their value to humans and the methods to evaluate these habitats The authors also address

the human impacts on the land from urban and suburban development mining grazing energy extraction recreation water diversions and timber harvesting and suggest ways to mitigate such impacts In addition to the editors the contributors to this volume are Paul Adamus Oregon State University Corvallis Michael A Bozek University of Wisconsin Stevens Point Robert C Ehrhart Oregon State University Bend James H Gammonley Colorado Division of Wildlife Fort Collins Paul L Hansen Bitterroot Restoration Corvallis Montana E Andrew Hart University of Wyoming Laramie Murray K Laubhan U S Geological Survey Fort Collins Colorado Kirk Lohman University of Idaho Moscow James R Lovvorn University of Wyoming Laramie Neal D Niemuth University of Wisconsin Stevens Point Richard A Olson University of Wyoming Laramie Neil F Payne University of Wisconsin Stevens Point Mark A Rumble U S Department of Agriculture Forest Service Rocky Mountain Research Station Rapid City South Dakota Maureen Ryan University of Toledo Ohio College of Law Brian E Smith U S Geological Survey Northern Prairie Wildlife Research Center Jamestown North Dakota Mark Squillace University of Toledo Ohio College of Law Stephen A Tessmann Wyoming Game and Fish Department Cheyenne David W Willis South Dakota State University Brookings
