Rassoul Yazdipour, 2010-12-17 *Advances in Entrepreneurial Finance* brings together contributions from researchers from the fields of entrepreneurship behavioral finance psychology and neuroscience to shed new light on the dynamics of decision making and risk taking by entrepreneurs and venture capitalists VCs Every new venture requires access to capital at competitive interest rates and much has been written on general entrepreneurship by management scholars and financial contracting by financial economists using traditional finance theory with all its highly restrictive assumptions regarding decision makers cognitive capabilities and behavior But recent developments in behavioral finance can now be applied to understand how entrepreneurs and VCs perceive risk and uncertainty and how they decide and act accordingly Showcasing the latest research this volume demonstrates that findings from the behavioral and neuroscience arenas can and do explain decision making by entrepreneurs and venture investors in the real world Consequently such findings have practical implications not only for entrepreneurs venture capitalists and their advisors but also all government agencies and NGOs that want to support product and technological innovation capital formation job creation and economic development

**Advances in Small Business Finance** Rassoul Yazdipour, 2012-12-06 Small business research is becoming more sophisticated as an increasing number of scholars study more complex analytical issues In many cases research pertaining to the small firm is part of the incomplete and inefficient markets controversy in the finance literature Because of their size and traditional organizational form small firms often find it extremely difficult to attract significant resources in sophisticated financial markets These markets appear to be segmented and incomplete whether or not the markets are efficient is subject to much debate *Advances in Small Business Finance* presents a variety of research studies that indicate the unique roles of

debt and equity and the sources of funds for small firms This book contributes important insight into major questions that face small firms financiers managers and owners on a daily basis Many of the studies in this volume deal with aspects of valuation of the small firm In some instances the focus is on the firm's ability to attract debt or equity and in others the emphasis is on valuation of the small firm's capital Constand Osteryoung and Nast focus on the determinants of capital structure for small firms that are privately owned and are highly dependent on commercial loans as their supply of debt Timothy Bates examines firm viability and finds that surviving firms are those that began with greater initial capital create new jobs and are led by entrepreneurs who are better educated

**Strategic Entrepreneurial Finance** Darek Klonowski,2014-11-27  
Entrepreneurial finance is a discipline that studies financial resource mobilization resource allocation risk moderation optimization in financial contracting value creation and value monetization within the context of entrepreneurship However without proper strategic consideration the discipline is incomplete This book examines how the activity of entrepreneurial finance can be enhanced via a concentration on value creation and through improved strategic decision making The most unique feature of the book is its focus on value creation For entrepreneurs value creation is not a one off activity but rather a continuous cycle of incremental improvements across a wide range of business activities Entrepreneurial value creation is described in four comprehensive stages value creation value measurement value enhancement and value realization referred to as the C MER model This book focuses on what creates value rather than merely presenting value creation in a straight accounting framework At the same time deliberate and tactical planning and implementation ensure that the firm does not ignore the components necessary for it to survive and flourish Vigorous strategic deliberations maximize the entrepreneurial firm s chances of making the right business decisions for the future enable the firm to manage its available financial and non financial resources in the most optimal manner ensure that the necessary capital is secured to progress the development of the firm to its desired development level and build value While financial considerations are important the field of strategic entrepreneurial finance represents a fusion of three disciplines strategic management financial management and entrepreneurship This orientation represents a natural evolution of scholarship to combine specific domains and paradigms of naturally connected business disciplines and reflects the need to simultaneously examine business topics from different

perspectives which may better encapsulate actual entrepreneurial practices      **Small business procurement in New York State, New York, N.Y., February 21, 1966** United States. Congress. Senate.
