Pratchett,2000 The Discworld is as everyone knows and no one should now need to be told flat It rides through space on the back of four elephants which in turn are standing on the shell of an enormous turtle But just because it is being borne through space on the back of a turtle doesn t mean it doesn t need gods The Gods Trilogy is a bumper volume containing the complete text of three of Terry Pratchett s celebrated novels SMALL GODS Brutha is the Chosen One His god has spoken to him admittedly while currently in the shape of a tortoise and Brutha now has a mission PYRAMIDS It isn t easy being a teenage pharaoh you re not allowed to carry money uninhibited young women peel grapes for you and the Great Pyramid has just exploded because of paracosmic instability HOGFATHER It s the night before Hogswatch and it s too quiet There s snow there re robins there re trees covered with decorations but there s a notable lack of the big fat man who delivers the toys He s gone There used to be five but that s another story entirely Power and Society in Terry Pratchett's Discworld Justine

Breton,2025-04-24 A critical deep drive into conceptions of power and society in Terry Pratchett s Discworld novels this book brings together experts in fantasy literature political sciences economics philosophy history and journalism to consider the intricate social tapestry of one of the most intricate worlds in modern fantasy Surveying the Discworld s institutionalised power structures from government and police to civil services banks and societies it explores ideas such as language translation humour crowds community justice and coercion in the series major works Featuring analyses of novels such as Men at Arms Equal Rites Carpe Jugulum Guards Guards Jingo Night Watch Wyrd Sisters Witches Abroad and many more this collection illuminates how Pratchett juxtaposed his narratives with contemporary reflections on social constructs Broken down into parts looking at social power dynamics building and destroying worlds and the power of language the book offers a much needed corrective to the dearth of scholarship on one of fantasy literature s worldbuilding titans **The Great**

**Philosophers:Democritus** Paul Cartledge,2011-09-14 Part of the GREAT PHILOSOPHERS series Democritus c 460 c 370BC The Renaissance s Laughing Philosopher our own age s Prophet of Quark throughout the modern philosophical tradition Democritus has been a man little known beyond his labels Yet if the image of the cheerful ironist understates his true seriousness that of father of modern nuclear physics though by no means entirely unfounded loses sign of the man in the hyperbole Flattering as it is it fails to do justice either to the full range of Democritus interests or to the astonishing originality of his ideas For Democritus remarkable investigations took him far beyond the realms of physics and chemistry to explore the science of existence as a whole Perception selfhood and society ethic politics and the law as Paul Cartledge s enthralling introduction makes clear Democritus has much to teach us in all these fields and more *The Turtle Moves!*

Lawrence Watt-Evans,2008-07-11 After growing from humble beginnings as a Sword Sorcery parody to more than 30

volumes of wit wisdom and whimsy the Discworld series has become a phenomenon unlike any other Now in The Turtle Moves Lawrence Watt Evans presents a story by story history of Discworld s evolution as well as essays on Pratchett s place in literary canon the nature of the Disc itself and the causes and results of the Discworld phenomenon all refreshingly free of literary jargon littered with informative footnotes Part breezy reference guide part droll commentary The Turtle Moves will enlighten and entertain every Pratchett reader from the casual browser to the most devout of Discworld s fans **If You Like Monty Python...** Zack Handlen,2011-12-01 Limelight From their perfectly insane television show to their consistently irreverent and riotous movies Monty Python has owned the zany and absurd side of comedy since their debut Their influence can be felt in every comedy show that followed them from Saturday Night Live and Second City television to The Kids in the Hall not to mention all the laughs writ large on the silver screen where their brand of absurdity opened the doors for such people as Jim Carrey who made a name for themselves by pushing the funny even further This is the first book to look at everything influenced by the Pythons but also at those who came before them from the classic British comedies to the Marx Brothers and everything in the Python universe from Fawlty Towers and A Fish Called Wanda to Spamalot and Brazil If You Like Monty Python is a book for any fan who has graduated from the Ministry of Silly Walks and wants more Subcreation: Fictional-World Construction from J.R.R. Tolkien to Terry Pratchett and Tad Williams Stefanie Schult,2017-01-26 The doctoral thesis argues that the term Subcreation with its revised and broadened definition in part differing from J R R Tolkien s original term sub creation may be used for the discussion of the making of fictional worlds in literary discourse The successful conception of a fictional world depends on the reader s willing suspension of disbelief This depends both on the author and his skilled composition of the world and all its aspects as well as on the reader s acceptance of this invented fictional world The author needs to create a narrative with an inner consistency which is crucial to achieving the effect of the reader s immersion in the fictional world The fundamental aspects that an author needs to realize to achieve successful Subcreation have been structured into and analysed in four categories Language and Linguistic Variation Physiopoeia Anthropoeia and Mythopoeia Furthermore this thesis shows that as contemporary examples of fantastic literature both Tad Williams s and Terry Pratchett s fictional worlds are successfully created through the realization of these aspects of Subcreation Apart from commenting on the success of the subcreative process this thesis also remarks upon the cultural influences both authors include in their writings While both may be considered Anglophone in a general categorization Pratchett s Discworld retains a feeling of Britishness that is not to be found in Williams s Otherland The thesis proposes several approaches to Subcreation that may be studied subsequently So for example it may be possible to determine the success of an author s Subcreation by collecting empirical data Apart from literary works this field of studies may also include other media **May Your God Go With You** David B. Reynolds,2019-11-05 And may your god go with you the audience replied in unison to a blessing from the Rev Jeremiah Brown With that last comment Russell Richman had his view

of reality twisted tilted twirled and transformed into a tiny flaming ball before being drop kicked screaming into a toilet and flushed

**The Intertextuality of Terry Pratchett's Discworld as a Major Challenge for the Translator** Aleksander Rzyman, 2017-01-06 For the translator intertexts are among chief problems posed by the source text Often unmarked typographically direct or altered not necessarily well known and sometimes intersemiotic quotations and references to other writings and culture texts call for erudition and careful handling so that readers of the translation stand a chance of spotting them too For the reader the rich intertextuality of Terry Pratchett's Discworld series is among its trademark features Consequently it should not be missed in translations whose success thus depends significantly on the quality of translation of the intertexts which as is highlighted here cover a vast and varied range of types of original texts The book focuses on how to deal with Pratchett's intertexts how to track them down analyse their role predict obstacles to their effective translation and suggest translation solutions complete with a discussion of the translation of selected intertextual fragments in the Polish version *wiat Dysku* a concise overview of intertextual theories and an assessment of the translator's work

**"Do You Consider Yourself a Postmodern Author?"** Rudolf Freiburg, 1999 This book presents a collection of twelve interviews with eminent English contemporary writers held during a period of four years The book allows an illuminating insight into a very lively and thought provoking literary culture stirred not only by recent ideas of postmodernism but also by the manifold issues of nationality culture and gender subjected to permanent redefinitions towards the end of the twentieth century The interviews with Peter Ackroyd John Banville Julian Barnes Alain de Botton Maureen Duffy Tibor Fischer John Fowles Romesh Gunasekera Tim Parks Terry Pratchett Jane Rogers and Adam Thorpe cover topics such as the relationship between writer and public the role of the literary tradition the relevance of contemporary literary theory for the production of literature images of nationality intertextuality changes in the attitude towards language and meaning and the reception of literary texts by critical reviewers and literary critics

**Tracing the cultural legacy of Irish Catholicism** Eamon Maher, Eugene O'Brien, 2017-04-06 This book traces the steady decline in Irish Catholicism from the visit of Pope John Paul II in 1979 up to the Cloyne report into clerical sex abuse in that diocese in 2011 The young people awaiting the Pope's address in Galway were entertained by two of Ireland's most charismatic clerics Bishop Eamon Casey and Fr Michael Cleary both of whom were subsequently revealed to have been engaged in romantic liaisons at the time The decades that followed the Pope's visit were characterised by the increasing secularisation of Irish society Boasting an impressive array of contributors from various backgrounds and expertise the essays in the book attempt to trace the exact reasons for the progressive dismantling of the cultural legacy of Catholicism and the consequences this has had on Irish society
