CBE,2014-09-25 You could be forgiven for thinking that the smile has no history it has always been the same However just as different cultures in our own day have different rules about smiling so did different societies in the past In fact amazing as it might seem it was only in late eighteenth century France that western civilization discovered the art of the smile In the Old Regime of Teeth which prevailed in western Europe until then smiling was quite literally frowned upon Individuals were fatalistic about tooth loss and their open mouths would often have been visually repulsive Rules of conduct dating back to Antiquity disapproved of the opening of the mouth to express feelings in most social situations Open and unrestrained smiling was associated with the impolite lower orders In late eighteenth century Paris however these age old conventions changed reflecting broader transformations in the way people expressed their feelings This allowed the emergence of the modern smile par excellence the open mouthed smile which while highlighting physical beauty and expressing individual identity revealed white teeth It was a transformation linked to changing patterns of politeness new ideals of sensibility shifts in styles of self presentation and not least the emergence of scientific dentistry These changes seemed to usher in a revolution a revolution in smiling Yet if the French revolutionaries initially went about their business with a smile on their faces the Reign of Terror soon wiped it off Only in the twentieth century would the white tooth smile re emerge as an accepted model of self presentation In this entertaining absorbing and highly original work of cultural history Colin Jones ranges from the history of art literature and culture to the history of science medicine and dentistry to tell a unique and untold story about a facial expression at the heart of western civilization *The Novels and Romances of Edward Bulwer Lytton (Lord Lytton) ...: My*

Sousa,2015-04-15 On Emerging from Hyper Nation

represents Ronald W Sousa's attempt to answer the question Why do I smile on reading one of Saramago's historical novels Why that reaction of emotional release To answer the smile question the book engages in a critical mode that could be described as discourse analysis It combines several critical strains and relies on basic concepts from Freudian and Lacanian psychoanalysis Adlerian psychology and contemporary cognitive psychology for their discourse analytical value rather than as entries into psychoanalytical reading per se The introductory chapter presents some of the concepts that underlie that compound analytical modality and sets out an overview of twentieth century Portuguese social and economic history Then with an eye to answering the smile question the book reads Nobel Laureate Jos Saramago's three novels Baltasar and Blimunda 1982 The Year of the Death of Ricardo Reis 1984 and The History of the Siege of Lisbon 1989 Or better it seeks to read Sousa's own reading of the three works since focus falls on how each novel seeks to construct both its own reading and also Sousa as its reader The discussion brings to light a number of textual phenomena that bear upon the smile question Among them are that the novels invoke often subtly the fascist hermeneutical heritage remaining from before the revolution of 1974 as a constituent part of their communication with the reader that they summon up historical trauma that they function as Freudian style tendentious jokes and that through these various invocations they seek to constitute a postrevolutionary Portuguese subject The reading of Sousa's reading then ends up being a reading of some of the cultural forces at work in postrevolutionary Portugal

The Country Wife and Other Plays William Wycherley, 2008-11-13 Wycherley's four comedies are admired for their satirical wit farcical humour vivid characterization and social criticism Love in a Wood a lively comedy of intrigue established him as a brilliant new dramatist The Gentleman Dancing Master in contrast disappointed contemporary audiences but the central relationship between Hippolyta and Gerrard features an original and sympathetic study of a young woman's attitudes and feelings The Country Wife is a sharp but also highly amusing attack on social and sexual hypocrisy The Plain Dealer a powerful dramatic satire loosely based on Moliere's Le Misanthrope continues and enlarges Wycherley's assault on greed and corruption Under the General Editorship of Michael Cordner of the University of York the texts of the plays have been newly edited and are presented with modernized spelling and punctuation In addition there is a scholarly introduction a note on staging and detailed annotation
