Transpersonal Research Methods for the Social Sciences William Braud, Rosemarie Anderson, 1998-04-29 There is no shortage of research methods that are easily applied to the study of everyday human experience How though does one attempt to study extraordinary human experiences ultimate values and meanings peak experiences transcendence and heightened awareness among others Authors William Braud and Rosemarie Anderson introduce a series of transpersonal research methods that are intended to help researchers develop new ways of knowing and methods of inquiry While these methods will be of particular interest to researchers in transpersonal psychology humanistic psychology or transpersonal studies applied to traditional fields the authors argue that these approaches with their emphasis on developing intuition empathy self awareness can benefit anyone involved in the research enterprise With its solid grounding in transpersonal studies and extensive coverage of qualitative approaches without ignoring quantitative approaches Transpersonal Research Methods for the Social Sciences will be an invaluable addition to the libraries of researchers across many disciplines as well as a supplement in research methods courses *Documents of Life Revisited* Liz Stanley, 2016-05-13 The cultural and

narrative turn has had a considerable impact upon research in the social sciences as well as in the arts and humanities with Ken Plummer's *Documents of Life* constituting a central text in the turn towards narrative biographical and qualitative methodologies challenging and changing the nature of research in sociology and further afield. Bringing together the latest research on auto biographical and narrative methods *Documents of Life Revisited* offers a sympathetic yet critical engagement with Plummer's work exploring a range of different kinds of life documents and delineating a critical humanist methodology for researching and writing about these. A rich examination of the methods and methodologies associated with contemporary research in the social sciences and humanities this book will be of interest to those concerned with the use and importance of biographical and narrative sources and documents of life investigations. As such it will appeal to sociologists, social anthropologists and geographers as well as scholars of cultural studies and cultural history, literary studies and library archive and cultural management, social policy and medical studies.
