historia **Relaciones internacionales y política exterior de Colombia** Sandra Borda, Arlene Tickner, 2011-01-01 El Centro de Estudios Internacionales CEI hoy parte activa del Departamento de Ciencia Política de la Universidad de los Andes se consolidó como pionero en los estudios internacionales en Colombia. Desde allí se exploraron debates cruciales en la teoría de las relaciones internacionales y se produjeron algunas de las conclusiones más importantes sobre el análisis de la política exterior colombiana. Algunas de estas tuvieron que ver con el desarrollo de modelos analíticos y conceptuales para explicar la evolución histórica de la política exterior del país, siendo los más influyentes las ideas del *res pice polum* y *res pice similia*, estrategias diferentes pero no necesariamente exclusivas o contradictorias de inserción en el sistema internacional. También se elaboraron varias aproximaciones al estudio crítico y juicioso de la complejidad de las relaciones con los Estados Unidos, con la región y los países vecinos y con el resto del mundo. En este contexto se construyeron aproximaciones a temas como el narcotráfico, la integración, los derechos humanos, el medio ambiente, la negociación internacional y la seguridad nacional regional e internacional. Este libro recopila algunos de los trabajos más representativos que se produjeron en el CEI y el Departamento de Ciencia Política y que hoy hacen parte del acervo académico sobre las relaciones internacionales y la política exterior del país. Aquí se reconstruye parte importante del estado del debate en esta área y por supuesto se sugiere la necesidad de continuar alimentando la discusión. Música, Cultura y Pensamiento N 1 ,
