## Tempest Critical Essays:

Critical Essays on Shakespeare's The Tempest Virginia Mason Vaughan, Alden T. Vaughan, 1998 Critical essays about William Shakespeare's play *The Tempest*     **The Tempest** Patrick M. Murphy, 2013-10-28 *The Tempest* Critical Essays traces the history of Shakespeare's controversial late romance from its early reception and adaptation in the seventeenth and eighteenth centuries to the present. The volume reprints influential criticism and it also offers eight original essays which study *The Tempest* from a variety of contemporary perspectives including cultural materialism, feminism, deconstruction, performance theory, and postcolonial studies. Unlike recent anthologies about *The Tempest* which reprint contemporary articles along with a few new essays, this volume contains a mixture of old and new materials pertaining to the play's use in the theater and in literary history.     ILL THE TEMPEST: CRITICAL ESSAYS ... PATRICK. MURPHY, 2000     Twentieth Century Interpretations of The Tempest Hallett Smith, 1969 Essays of 16 Canadian, British, and American scholars present their interpretations of viewpoints of Shakespeare's *The Tempest*.     *Critical Essays on The Tempest, William Shakespeare* Linda Cookson, Bryan Loughrey, 1988 A collection of essays which re-examine major themes of the play with follow-up ideas and notes on writing an essay. Suggested level: secondary.     **The Tempest** R. S. White, 1999 *The Tempest* has not only generated many creative adaptations in drama, poetry, novels, and films, but it has also proved a testing ground for virtually all the new literary theories available. This selection gives examples from cultural studies, feminism, psychological criticism, political readings, new historicism, postcolonialism, new geography, and other approaches. The book will give students an understanding of the bases of contemporary criticism and it will give insights into Shakespeare's text from a rich variety of perspectives.     The Tempest, 1969\*     **Shakespeare, the Tempest**, 1968     *Critical Essays on the Plays of Shakespeare* William Watkiss Lloyd, 1875     *Critical Essays on The Tempest*, 1988     *The Tempest: a Casebook; a Selection of Critical Essays* D. J. Palmer, 1968     **A Companion to Shakespeare's Works, Volume IV** Richard Dutton, Jean E. Howard, 2008-04-15 This four-volume Companion to Shakespeare's Works compiled as a single entity offers a uniquely comprehensive snapshot of current Shakespeare criticism. Brings together new essays from a mixture of younger and more established scholars from around the world: Australia, Canada, France, New Zealand, the United Kingdom, and the United States. Examines each of Shakespeare's plays and major poems using all the resources of contemporary criticism, from performance studies to feminist historicist and textual analysis. Volumes are organized in relation to generic categories: namely, the histories, the tragedies, the romantic comedies, and the late plays, problem plays, and poems. Each volume contains individual essays on all texts in the relevant category as well as more general essays looking at critical issues and approaches more widely relevant to the genre. Offers a provocative roadmap to Shakespeare studies at the dawning of the twenty-first century. This companion to Shakespeare's poems, problem comedies, and late plays contains original essays on *Troilus and Cressida*, *Measure for Measure*, *All's Well That Ends Well*, *Venus and Adonis*, *The Rape of Lucrece*, and *The Sonnets*, as well as *Pericles*.

The first comprehensive history of Byzantine warfare in the tenth century      Heroes of Empire Richard Frohock, 2004-09 Over the past decade literary scholars have become increasingly engaged with colonial studies and have fashioned various points of focus in their investigations of imperialist narratives including the figure of woman cannibalism the romance of the first encounter and the tropicopolitan This book builds on existing work by offering a new focal point the evolution of the British imperial hero in America from Sir Walter Raleigh's Discoverie of Guiana 1596 to James Grainger's The Sugar Cane 1764 with concentration on narratives produced between the year of Cromwell's Western Design 1655 and the British raid on Cartagena 1741 Each individual chapter isolates a distinct type of colonial hero furnishing examples from a wide variety of narratives including some nonfiction essays and tracts but chiefly novels plays and poems      *Emissaries in Early Modern Literature and Culture* Gitanjali Shahani, 2016-04-29 With its emphasis on early modern emissaries and their role in England's expansionary ventures and cross cultural encounters across the globe this collection of essays takes the messenger figure as a focal point for the discussion of transnational exchange and intercourse in the sixteenth and seventeenth centuries It sees the emissary as embodying the processes of representation and communication within the world of the text itself an emissary that strives to communicate and represent certain perceptions of the real Drawing attention to the limits and licenses of communication the emissary is a reminder of the alien quality of foreign language and the symbolic power of performative gestures and rituals Contributions to this collection examine different kinds of cross cultural activities e.g. diplomacy trade translation espionage missionary endeavors in different world areas e.g. Asia the Mediterranean the Levant

the New World via different critical methods and approaches They take up the literary and cultural productions and representations of ambassadors factors traders translators spies middlemen merchants missionaries and other agents who served as complex conduits for the global transport of goods religious ideologies and socio cultural practices throughout the early modern period Authors in the collection investigate the multiple ways in which the emissary became enmeshed in emerging discourses of racial religious gender and class differences They consider how the emissary's role might have contributed to an idealized progressive vision of a borderless world or conversely permeated and dissolved borders and boundaries between peoples only to further specific group interests

**French Connections in the English Renaissance**  
Catherine Gimelli Martin, Hassan Melehy, 2016-04-15 The study of literature still tends to be nation based even when direct evidence contradicts longstanding notions of an autonomous literary canon In a time when current events make inevitable the acceptance of a global perspective the essays in this volume suggest a corrective to such scholarly limitations the contributors offer alternatives to received notions of influence and the more or less linear transmission of *translatio studii* demonstrating that they no longer provide adequate explanations for the interactions among the various literary canons of the Renaissance Offering texts on a variety of aspects of the Anglo French Renaissance instead of concentrating on one set of borrowings or phenomena this collection points to new configurations of the relationships among national literatures Contributors address specific borrowings rewritings and appropriations of French writing by English authors in fields ranging from lyric poetry to epic poetry to drama to political treatise The bibliography presents a comprehensive list of publications on French connections in the English Renaissance from 1902 to the present day

**Nation, community, self**  
Gioia Angeletti, 2019-01-18 T00:00:00+01:00 From the late 1960s until the present day a significant number of women playwrights have emerged in Scottish theatre who have made a pioneering contribution to dramatic innovation and experimentation Despite the critical reassessment of some of these authors in the last twenty years their invaluable achievement in playwriting within and outside Scotland still deserves more thorough investigations and fuller acknowledgement This work explores what is still uncharted territory by examining a selection of representative texts by Ann Marie di Mambro Marcella Evaristi Sue Glover Jackie Kay Liz Lochhead Sharman Macdonald and Joan Ure The three macro thematic areas of the book the rewriting of the Shakespearean canon the representation of female communities and minorities and the conflicts between the self and society find significant and paradigmatic expression in their dramas All seven writers examined in this book have explored new theatrical methods introduced aesthetic innovations and opened new perspectives to engage with the complexities of national community and individual identities This study will surely contribute to wider recognition of their achievement so that their work can never again be described as uncharted territory
