Ten Commando 1942 1945:

Ten Commando, 1942-1945 Ian Dear, 1989 **Ten Commando, 1942-1945** Ian Dear, 1987 Ten commando var under 2 verdenskrig en inter allieret enhed sammensat af polske belgiske og norske soldater I bogen beskrives opstilling af enheder og disses anvendelse og aktioner **Ten Commando** Ian Dear, 2010-10-13 It is indeed remarkable since the archives of the Second World War must have been pillaged ransacked burrowed into and turned over almost as thoroughly as Monte Cassino itself that no book has been written about one of the strangest units created during that or any other conflict The unit was called Ten Commando and the shroud of secrecy that enveloped it at the time has scarcely been unwrapped by the passage of the years Ten Commando was composed entirely of men who came from Germany and from Nazi occupied countries such as Holland Poland and France Secrecy was vital for if an Axis agent infiltrated into Ten Commando he could do untold harm If a member of Ten Commando were captured and his unit identified the rules of the Geneva Convention were unlikely to worry the captors This overwhelming need for absolute secrecy was so well instilled in the men of Ten Commando that until now little was known about their daring exploits behind enemy lines including coordination of resistance fighters and sabotage The result of Ian Dears painstaking research is a remarkable book indeed and a worthy tribute to an incredibly brave group of clandestine soldiers who belong near the top of the WWII Roll of Honor **Why I Became an X Troop Commando** Helen Fry, 2025-01-14 A fascinating and moving biography of Colin Anson the German refugee who became an elite British commando Born in Germany in 1922 Colin Anson's Claus Ascher childhood was marked by the trials of Nazism His father was arrested by the Gestapo in 1937 and transported to Dachau where he died shortly after Colin aged just seventeen escaped to Britain in the Kindertransport As soon as he was old enough Colin volunteered in the Pioneer Corps Then in 1942 he was recruited for the elite commando unit X Troop Colin took part in the invasions of Sicily and Italy in 1943 where he sustained a near fatal injury But just months later he returned to duty He fought in the Yugoslav islands became the first Allied soldier to liberate Corfu and was stationed in postwar Frankfurt In this unique biography Helen Fry traces the remarkable story of Colin's life Drawing on extensive interviews Fry recounts his actions in X Troop and beyond in his own words and sheds new light on the experience of refugees in the British forces *Churchill's German Special Forces* Paul Moorcraft, 2023-02-22 The existence of German speaking units fighting for the Allied cause during WW2 has remained largely a well kept secret But seventy five years on these units contribution to victory needs to be fully acknowledged Prime Minister Winston Churchill had no qualms about using native German speakers from Austria Poland Czechoslovakia and of course Germany itself The majority were Jews who had fled persecution Two examples of these secret units were X Troop Commandos and the Special Interrogation Group The SIG men deserve their legendary status They fought and often died wearing Wehrmacht uniform As this superbly researched book reveals that after infiltrating Field Marshal Rommel's Afrika Korps one detachment even drew Nazi pay Inevitably once the existence of SIG units became known their immediate

execution on capture was ordered unless their temporary reprieve would reveal intelligence under torture We learn how Churchill's initiative was copied by both the Americans and the Russians Post war SIG and X Troop survivors joined British special forces or were used to hunt down Nazi war criminals All this and more is covered in this ground breaking book by a writer who is both a leading historian and foreign correspondent

Some Western Pioneers in Asian Martial Arts: An Anthology Michael DeMarco, 2020-11-02 Pioneer as a noun is defined as a person who is among the first to explore or settle a new country or area As a verb it means develop or be the first to use or apply a new method area of knowledge or activity This anthology gives the reader the experience of the explorers who went to foreign lands to discover and learn about a specific field of knowledge and skills the Asian martial arts The eight chapters included here share a common root in the pioneers desire to travel far and wide in search for practical martial arts useful in the street as well as for commando units The pioneers discussed in this anthology experienced lives submerged in foreign cultures lives compounded by the difficulties of communicating in foreign languages changing diets and often being in hostile living conditions Their lives are far from the associations we usually associate with martial arts now steeped in pure exercise for health or tournament competitions Becoming familiar with some of the Western pioneers of Asian martial arts bring us back to understand many of the original reasons for learning these combatives Their lives and experience show us how and why the more serious side of Asian fighting arts remain illusive for most who in practice need not confront the lethal aspects of these traditions

Combined Special Operations In World War II Captain James C. Nixon, 2014-08-15 This study is an historical analysis of combined special operations units in the European Theater during World War II The study examines the Dieppe Raid Force the First Special Service Force and the Jedburghs to determine common strengths and weaknesses in organization training command and control and effectiveness The study also analyzes the adequacy of current United States combined and special operations doctrine based on the results of the historical analysis The study concludes that current U S doctrine does not adequately address the organization training and command and control of combined special operations Current doctrine provides sufficient strategic guidance but requires supporting doctrine at the operational and tactical level One of the contributing factors is an over reliance on Operation DESERT SHIELD DESERT STORM The study provides planning considerations that should be incorporated into current combined doctrine The historical examples illustrate the criticality of establishing clear goals and objectives and the use of training to assist in achieving unity of effort The study also identifies centralized control clear communications and coordination as fundamental to successful command and control of combined special operations units

The Jews of Wales Cai Parry-Jones, 2017-06-01 This study considers Welsh Jewry as a geographical whole and is the first to draw extensively on oral history sources giving a voice back to the history of Welsh Jewry which has long been a formal history of synagogue functionaries and institutions The author considers the impact of the Second World War on Wales's Jewish population as well as the importance of the Welsh context in shaping the Welsh

Jewish experience The study offers a detailed examination of the numerical decline of Wales's Jewish communities throughout the twentieth century and is also the first to consider the situation of Wales's Jewish communities in the early twenty first arguing that these communities may be significantly fewer in number and smaller than in the past but they are ever evolving
