Over 200 Questions and Answers James Reed,2007-10 This collection of questions from those involved in spiritual warfare in the modern world is indexed both topically and by Scripture text references Inexpressible Michael Card,2018-12-18 God s identity cannot be fully expressed in human words but Scripture uses one particular Hebrew word to describe God s character hesed Often translated as lovingkindness covenant faithfulness or steadfast love Michael Card unpacks the many dimensions of hesed exploring how it is used in the Old Testament to reveal God s character and how its fullness is ultimately embodied in the incarnation of Jesus **Rethinking the Buddha** Eviatar Shulman,2017-02-23 A cornerstone of Buddhist philosophy the doctrine of the four noble truths maintains that life is replete with suffering desire is the cause of suffering nirvana is the end of suffering and the way to nirvana is the eightfold noble path Although the attribution of this seminal doctrine to the historical Buddha is ubiquitous Rethinking the Buddha demonstrates through a careful examination of early Buddhist texts that he did not envision them in this way Shulman traces the development of what we now call the four noble truths which in fact originated as observations to be cultivated during deep meditation The early texts reveal that other central Buddhist doctrines such as dependent origination and selflessness similarly derived from meditative observations This book challenges the conventional view that the Buddha s teachings represent universal themes of human existence allowing for a fresh compelling explanation of the Buddhist theory of liberation **The Complete Book of Bible Prophecy** Mark Hitchcock,1999 A theologian and pastor offers a comprehensive easy to use guide to biblicalprophecy *Seventh-Day Adventists Answer Questions on Doctrine* George R.
