## **Ten Hours To Live:**

10 Hours to Live Brian Wills, 2010-09-07 I give him ten hours to live That's what the doctor said after diagnosing twenty two year old Brian Wills with one of the deadliest and fastest growing cancers known as Burkitt's lymphoma Incredibly this rare tumor grew from the size of a golf ball to nine inches in diameter in only three days Thus began Brian's life threatening battle both physical and spiritual to receive a full recovery by focusing on God's powerful promises of healing Through his incredible true life testimony of healing against all odds find out how you can Overcome the most hopeless of circumstances Learn how to apply God's Word for healing Build your faith for the miraculous Discover joy in the midst of suffering Receive comfort in times of trial 10 Hours to Live includes many other testimonies of people who have been supernaturally healed by the power of God      Catalog Michigan State University, 1905      **Ten Hours' Labor** Teresa Anne Murphy, 1992 Murphy surveys the different patterns of labor organizing across the region showing how the discourse of moral reform provided skilled and unskilled workers with a common language as well as compelling arguments with which to confront their employers She examines how working class moral reform movements such as the Washingtonians challenged the pretensions of middle class piety while labor activists went on to attack the paternalism which had shaped labor relations in New England She argues that the language of religion and reform allowed women an entree into the labor movement of the 1840s though some of these women reshaped the discourse to challenge traditional gender roles as they challenged their employers Ten Hours Labor sheds new light on a key chapter in the development of American labor and gender relations and will be essential reading for social and cultural historians as well as historians of religion      **Report** North Carolina.
