Ten Most Wanted:

2012 Voter Guide Wallace Hoffman, 2013-01-08 No God but Man Atiya Husain, 2024-12-16 Reconceptualizing the relationship between race and Islam in the United States No God but Man theorizes race as an epistemology using the FBI's post 9 11 Most Wanted Terrorist list and its posters as its starting point Atiya Husain traces the origins of the FBI wanted poster form to the work of nineteenth century social scientist Adolphe Quetelet specifically his overvalued type of human called average man Husain argues that this notion of the human continues to structure wanted posters as well as much contemporary social scientific thinking about race Focusing on the curious representations on the Most Wanted Terrorist list that range from Muslims who lack a race category on their posters to the 2013 addition of Black revolutionary Assata Shakur Husain demonstrates the ongoing influence of the average man and its relevance even today proposing a counterweight to the category by engaging Shakur's turn to Islam in the 1970s in the legal context In doing so Husain shows the limitations of race as an analytical category altogether **On the Lam** Jerry Clark, Ed Palattella, 2019-09-17 Fugitives occupy a unique place in the American criminal justice system They can run and they can hide but eventually each chase ends And in many cases history is made along the way John Dillinger's capture obsessed J Edgar Hoover and helped create the modern FBI Violent student radicals who went on the lam in the 1960s reflected the turbulence of the era The sixteen year disappearance and sudden arrest of gangster James Whitey Bulger in 2011 captivated the nation Fugitives have become iconic characters in American culture even as they have threatened public safety and the smooth operation of the justice system They are always on the run always trying to stay out of reach of the long arm of the law Also prominent are the men and women who chase fugitives FBI agents federal marshals and their deputies police officers and bounty hunters A significant element of the justice system is dedicated to finding those on the run and the most wanted posters and true crime television shows have made fugitives seemingly ubiquitous figures of fear and fascination for the public In *On the Lam* Jerry Clark and Ed Palattella trace the history of fugitives in the United States by looking at the characters real and fictional who have played the roles of the hunter and the hunted They also examine the origins of the bail system and other legal tools such as most wanted programs that are designed to guard against flight The Encyclopedia of the FBI's Ten Most Wanted List, 1950 to Present Duane Swierczynski, 2004 Presented in chronological order offers profiles of each criminal on the FBI's most wanted list from 1950 to August 2003 including such facts as crimes committed date placed on the list and vital statistics **Fugitives** United States.
