Ten Years in Images and Documents Ildikó Moran,1999 *The Making of Dissidents* Victoria Harms,2024-09-17 Before Hungary's transition from communism to democracy local dissidents and like minded intellectuals activists and academics from the West influenced each other and inspired the fight for human rights and civil liberties in Eastern Europe Hungarian dissidents provided Westerners with a new purpose and legitimized their public interventions in a bipolar world order The Making of Dissidents demonstrates how Hungary's Western friends shaped public perceptions and institutionalized their advocacy long before the peaceful revolutions of 1989 But liberalism failed to take root in Hungary and Victoria Harms explores how many former dissidents retreated and Westerners shifted their attention elsewhere during the 1990s paving the way for nationalism and democratic backsliding *The Sciences Archives in the European Integration* ,2000 Archives of Former International Organizations of the States of Central and Eastern Europe Władysław Stępnia,2001 **Magyar nemzeti bibliográfia** ,2001-04 **Polonica zagraniczne** ,2004 *Poverty and Conflict in Ireland* Paddy Hillyard,Bill Rolston,Mike Tomlinson,2005 **Transitional Justice in Peacebuilding** Djeyhoun Ostowar,2020-11-22 This book explores the role of actors in determining transitional justice in peacebuilding contexts In recent decades transitional justice mechanisms and processes have been introduced to a variety of settings becoming widely regarded as essential elements in the peacebuilding toolbox While it has increasingly been suggested that transitional justice is imposed by neo imperial actors with little regard for the needs and cultures of local populations evidence suggests that dismissing these policies as neo imperial or neo liberal impositions would result in grossly overlooking their dynamics which involve a whole range of relevant actors operating at multiple levels This book interrogates this theme through empirical analysis of three sites of peacebuilding that have seen extensive international involvement Kosovo East Timor and Afghanistan It proposes a novel framework for analysing and approaching transitional justice in peacebuilding that disaggregates three broad sets of actors operating at different levels in relevant processes external actors international and regional levels transitional justice promoters local national international and transnational levels and transitional regimes national and local levels The book argues that transitional justice in peacebuilding must be conceived of as actor contingent and malleable due to the significance of agency and inter actions of key categories of actors throughout peacebuilding transition This book will be of interest to students and practitioners of transitional justice peacebuilding law and International Relations **Index to Theses with Abstracts Accepted for Higher Degrees by the Universities of Great Britain and Ireland and the Council for National Academic Awards** ,2005 Theses on any subject submitted by the academic libraries in the UK and Ireland **Bibliographic Volume** Union of International Associations,Union of International Associations Staff,2008-09-16 Yearbook of International Organizations is the most comprehensive reference resource and provides current details of international non governmental NGO and intergovernmental organizations IGO Collected documented and disseminated by
