Moments James Knight,2010-11-01 Approaching forty with the predictable mortgage career and comfortable surburan lifestyle James Knight knew he was one of the lucky ones He loved his wife and he had his health occasionally the black dog would bite but he d learnt to manage this most of the time yet something wasn t quite right Married less than a year he and Clare weren t finding time for each other or themselves Surely there must be more to life than the daily commute the occasional trip away and rampant consumerism The death of a good friend s mother gave James the perspective he needed to set out on a year long journey through Latin America and Africa with Clare doing voluntary work learning Spanish and dancing wherever and whenever they could This trip would change their lives in ways they never expected teaching them that cherishing every moment is what matters above all else **Children of the Halo** EJ Spurrell,2012-12-01 It s been a

thousand years since the Pact was forged with the blood of heroes uniting the five tribes and pushing the shadows back into the darkness Since that time peace has reigned in former Eventide But now dark shadows working behind the scenes for centuries have corrupted the once pure High Magus Council the overseers of the Pact and enforcers of its laws twisting the justice it once stood for into a gross parody of greed and control But an ancient secret prophecy speaks of a lost people People ignorant to the ways of magick and steel but masters of a new kind of magick The magick of crafts and machines of information and tecknowledge It is said they will emerge from a halo of dark light and bring with them a city of wonders Life tends to slow to a crawl in Dunsmith British Columbia The small Vancouver Island town is nothing more than a crossroads But when a strange event occurs and leaves the entire town stranded knee deep in the Disputed Lands they find they must band together as they face trials they were unprepared for Invading armies magick elementals and even the local economy have to be taken into consideration But how well can a small town of eight thousand hold back the furies of the Pactlands
