Claiming a Tradition Mary Jo Bona, 1999 Mary

Jo Bona reconstructs the literary history and examines the narrative techniques of eight Italian American women's novels from 1940 to the present. Largely neglected until recently, these women's family narratives compel a reconsideration of what it means to be a woman and an ethnic in America. Bona discusses the novels in pairs according to their focus on Italian American life. She first examines the traditions of Italianità, a flavor of things Italian that inform and enhance works of fiction. The novelists in that tradition were Mari Tomasi's *Like Lesser Gods* (1949) and Marion Benasutti's *No Steady Job for Papa* (1966). Bona then turns to later novels that highlight the Italian American belief in the family's honor and reputation. Conflicts between generations, specifically between autocratic fathers and their children, are central to Octavia Waldo's *1961 A Cup of the Sun* and Josephine Gattuso Hendin's *1988 The Right Thing to Do*. Even when writers choose to steer away from the familial focus, Bona notes, their developmental narratives trace the reintegration of characters suffering from a crisis of cultural identity. Relating the characters' struggles to their relationship to the family, Bona examines Diana Cavallo's *1961 A Bridge of Leaves* and Dorothy Bryant's *1978 Miss Giardino*. Bona then discusses two innovative novels: Helen Barolini's *1979 Umbertina* and Tina De Rosa's *1980 Paper Fish*, both of which feature a granddaughter who invokes her grandmother as a godparent figure. Through Barolini's feminist and De Rosa's modernist perspectives, both novels present a young girl developing artistically. Closing with a discussion of the contemporary terrain, Italian American women traverse. Bona examines such topics as sexual identity when it meets cultural identity and the inclusion of Italianità when Italian American identity is not central to the story. Italian American women writers, she concludes, continue in the 1980s and 1990s to focus on the interplay between cultural identity and women's development.

Weeding Library Collections Stanley J. Slote, 1989 Based on the author's ongoing research, field observations, and interviews with library professionals, this edition thoroughly updates the previous one and simplifies the process of

weeding Slote shows librarians how to identify the core collections versus the weedeable items After reviewing current weeding practices and standards he discusses a variety of traditional and computer assisted methods for weeding His approach is based on the new understanding of the relationship between in library use and circulation use A section dealing with reference noncirculating collections has been added and the chapter on computer assisted weeding has been completely rewritten to help librarians streamline the weeding process All forms have been redesigned The Tender Warriors Theodore J. Flicker,1979 *The Publishers Weekly* ,1909 **Rapture Culture** Amy Johnson Frykholm,2004-03-04 In the twinkling of an eye Jesus secretly returns to earth and gathers to him all believers As they are taken to heaven the world they leave behind is plunged into chaos Cars and airplanes crash and people search in vain for loved ones Plagues famine and suffering follow The antichrist emerges to rule the world and to destroy those who oppose him Finally Christ comes again in glory defeats the antichrist and reigns over the earth This apocalyptic scenario is anticipated by millions of Americans These millions have made the Left Behind series novels that depict the rapture and apocalypse perennial bestsellers with over 40 million copies now in print In Rapture Culture Amy Johnson Frykholm explores this remarkable phenomenon seeking to understand why American evangelicals find the idea of the rapture so compelling What is the secret behind the remarkable popularity of the apocalyptic genre One answer she argues is that the books provide a sense of identification and communal belonging that counters the social atomization that characterizes modern life This also helps explain why they appeal to female readers despite the deeply patriarchal worldview they promote Tracing the evolution of the genre of rapture fiction Frykholm notes that at one time such narratives expressed a sense of alienation from modern life and protest against the loss of tradition and the marginalization of conservative religious views Now however evangelicalism s renewed popular appeal has rendered such themes obsolete Left Behind evinces a new embrace of technology and consumer goods as tools for God s work while retaining a protest against modernity s transformation of traditional family life Drawing on extensive interviews with readers of the novels Rapture Culture sheds light on a mindset that is little understood and far more common than many of us suppose
