Lori Chamber s fascinating study explores the legal history of adoption in Ontario since the passage of the first statute in 1921 This volume explores a wide range of themes and issues in the history of adoption including the reasons for the creation of statutory adoption the increasing voice of unmarried fathers in newborn adoption the reasons for movement away from secrecy in adoption the evolution of step parent adoption the adoption of Indigenous children and the growth of international adoption Unlike other works on adoption this book focuses explicitly on statutes statutory debates and the interpretation of statutes in court In doing so she concludes that adoption is an inadequate response to child welfare and on its own cannot solve problems regarding child neglect and abuse Rather Chambers argues that in order to reform the area of adoption we must first acknowledge that it is built upon social inequalities within and between nations *Childhood in a Global*

Boyd,Connie Carter,2014-02-05 Since the late 1990s marijuana grow operations have been identified by media and others as a new and dangerous criminal activity of epidemic proportions With Killer Weed Susan C Boyd and Connie Carter use their analysis of fifteen years of newspaper coverage to show how consensus about the dangerous people and practices associated with marijuana cultivation was created and disseminated by numerous spokespeople including police RCMP and the media in Canada The authors focus on the context of media reports in Canada to show how claims about marijuana cultivation have intensified the perception that this activity poses significant dangers to public safety and thus is an appropriate target for Canada s war on drugs Boyd and Carter carefully show how the media draw on the same spokespeople to tell the same story again and again and how a limited number of messages has led to an

expanding anti drug campaign that uses not only police but BC Hydro and local municipalities to crack down on drug production Going beyond the newspapers Killer Weed examines how legal political and civil initiatives that have emerged from the media narrative have troubling consequences for a shrinking Canadian civil society
