Economics Through the Looking-Glass R.A. Rayman, 2019-06-04 Published in 1998 In spite of spectacular improvements in market flexibility the characteristics of the past twenty years are slow growth and high unemployment Economics Through the Looking Glass exposes the theoretical fallacy at the heart of the New Economic Orthodoxy The fallacy lies in treating the economy as a single gear machine guaranteed to operate at its full employment potential as long as it benefits from the lubricant of perfectly flexible markets in a Walrasian Utopia of continuous market clearing equilibrium Unemployment is thereby reduced to a structural problem of market imperfection As a cure for unemployment market flexibility is presumed to be adequate as a cure for inflation monetary restriction is presumed to be safe The flaw in Orthodox logic is exposed by a demonstration that a monetary economy operates as a multi gear machine Unless it is in top gear market flexibility even of Utopian perfection is not sufficient for full employment Single gear Economic Orthodoxy is shown to have developed not as a science but as a religion beginning with Adam Smith's revelation of the Law of Competition A Looking Glass journey backwards in time from Adam Smith uncovers his suppression of the Law of Circulation and exposes the dangerous delusion of Orthodox economic policy As a weapon against unemployment market flexibility is inadequate as a weapon against inflation monetary restriction is unsafe The multi gear alternative heralds the final stage of economic liberalisation deregulation of the market for money The rescue of interest rates from political or central bank interference and the control of inflation by a mechanism triggered by market forces would put an end to the Orthodox policy of maintaining unemployment above its natural market rate by misguided monetary intervention Through the Looking-glass Susan Reynier Kenneson, 1980 Through the Looking Glass Brenda Schmahmann, 2004 *Tennessee Through the Looking Glass* Caleb Pirtle, 1989 Alice's Adventures in Wonderland and Through the Looking-Glass Lewis Carroll, 2015-11-30 First published in 1865 Alice's Adventures in Wonderland began as a story told to Alice Liddell and her two sisters on a boating trip in July 1862 The novel follows Alice down a rabbit hole and into a world of strange and wonderful characters who constantly turn everything upside down with their mind boggling logic word play and fantastic parodies The sequel Through the Looking Glass and What Alice Found There was published in 1871 and was both a popular success and appreciated by critics for its wit and philosophical sophistication Along with both novels and the original Tenniel illustrations this edition includes Carroll's earlier story Alice's Adventures Under Ground Appendices include Carroll's photographs of the Liddell sisters materials on film and television adaptations selections from other looking glass books for children and The Wasp in a Wig an originally deleted section of Through the Looking Glass **Discrete Holography: Through the Quantum Information Looking-Glass** Pablo Basteiro, 2025-07-21 How can we reconcile general relativity with quantum mechanics One promising approach is the holographic principle which posits that quantum gravity can be described by a lower dimensional theory without gravity This book advances the field of discrete holography by building models on discretizations

of hyperbolic space extending the AdS CFT correspondence and enabling experimental tests of holographic predictions The first part develops discrete bulk models on hyperbolic tilings exploring scalar field instability and correlation functions and proposes electric circuits as experimental platforms The second part constructs boundary theories as disordered spin chains and analyzes their entanglement via tensor networks The final part investigates quantum information measures circuit complexity geometric quantum discord and operator algebras to probe black hole properties in holographic dualities This work uncovers new insights into holography and bridges theoretical concepts with experimental realizations

Through the Northern Looking Glass Lorelei A. Lambert, 1996 These Northern Native Women survive in spite of the harshness of their lives in the boreal forest and tundra They care for and deliver newborn infants far from cities clinics hospitals malls and pharmacies Throughout history women have healed one another Among Native Peoples oral histories and traditional storytelling have always been essential to cultural survival In this book thirteen Northern Native women relate their experiences as survivors of breast cancer They speak about how they adapted to the disease and look in particular at the ties they have built with family friends and their environment The book also examines the clashing and blending of medical technology with traditional Native healing methods An unusual and unique book

Secrets of the Dead Secrets of the Dead, 2021-12-31 Ambrose Lincoln is one of the government's prized operatives a trained assassin a man whose past is continually erased by mind control tactic and shock treatments His days have no meaning He no longer fears death As far as he is concerned a man without a memory is a man who's already dead From Germany come rumors of a mad man threatening to rule Europe and maybe the world On the Night of Broken Glass his brown shirts and storm troopers move into Baden Baden and begin their methodical termination of the Jews In America so far away the violence is nothing more than a protest over a Jewish boy who murdered a German diplomat because the Third Reich had removed and maybe killed his family It was simply a case of vandalism that got out of hand No one is concerned and the American government wants to keep it that way No one in Washington wants to go to war with Hitler and President Roosevelt continues to preach neutrality But word is leaked that one Jewish photographer took pictures of the rampage of brutality and murder that night He was killed but his daughter is in hiding with the film Ambrose Lincoln is dispatched to Baden Baden with one charge Find the film and bring it back It will tell the truth It will uncover the lies The photographs will reveal to the world the sadistic threat that exists for everyone if Hitler

s mad march isn't stopped His mission is to uncover the deadly secrets that his own government doesn't want him to find secrets that can change history **Back Side of Blue Moon** Caleb Pirtle III, 2021-12-18 2018 BEVERLY HILLS AWARD WINNER for Historical Fiction BEST OF TEXAS BOOK AWARDS for Historical Fiction Times are hard along the Sabine River and the little East Texas town of Ashland is crumbling under the weight of the Great Depression Families are broke and hungry For many their last meal may well have been their last meal Families are giving up and leaving town Everyone knows the fate that awaits the scattered farms No one can save Ashland It is as isolated as the back side of a blue moon Into town comes Doc Bannister wearing a straw boater and a white suit He is the miracle man He has a homemade doodlebug machine that he says can find oil and make them all rich Oil he swears lies beneath the blistered farmstead of Eudora Durant She thinks Doc is a flim flam man The sheriff believes he is a con artist Both are convinced that Doc has come to town to swindle every dime he can get before hitting the road again Ashland knows Doc may be crooked but he has brought hope to a town that had no hope Eudora has everything Doc wants She is a beautiful woman who owns cheap land In Ashland she is known as the scarlet woman Whispers say she murdered her husband No one has seen him since the night they heard a shotgun blast on her farm The town wants oil Doc wants Eudora But Eudora is too independent and stubborn to fall for the charms of a silver tongued charlatan She holds the fate of Ashland in her hands Will she let Doc drill Is there really oil lying deep beneath her sunbaked land Can Doc find it Or is he more interested in finding love than oil What happens when a man with a checkered past comes face to face with a woman whose past is as mysterious as his Night Side of Dark Caleb Pirtle III, 2022-01-04 American operative Ambrose Lincoln has no idea where he is or has been or where he's going He believes he has been to the night side of dark a place of the first death from which no one can return So why does he find himself on the bomb ruined landscape of Poland or has he been exiled to the second death Lincoln only realizes if the man in the shadows has not lied to him that he must find an ancient religious painting that has been missing for centuries The German Gestapo will pay a fortune to buy it or take a man's life to get it The painting if legend holds true is the German hierarchy's final and only chance to escape the onslaught of the war that is crumbling around their feet **Rainy Night to Die** Caleb Pirtle III, 2021-12-23 The author takes you on a frightening journey to the coast of Ukraine where as one reviewer says I can't say enough about Pirtle's brilliant style of writing and his ability to give readers a no holds barred action thriller A man on the run never knows what will happen next He lives and survives on his instincts and he can't always trust them Roland Sand's missions for intelligence agencies are those no one else wants to tackle The reason is simple Sand is expendable If he doesn't return he won't be missed His name is erased It's as though he never existed Sand is sent to Ukraine to smuggle out a beautiful lounge jazz singer who for years has been smuggling Russian secrets back to MI 6's home office in Great Britain Her contact in London has been compromised He is found floating in the Thames River Sand must extricate Pauline Bellerose before the Russians trace the stolen secrets back to her and place a noose around her neck He has twenty four hours to find

the singer and remove her to safety If she is caught he dies A ship is waiting in the fog off the coast of Odessa Time is running out He must reach the ship at the appointed hour or it will leave without them In the secret world of espionage the window of escape is narrow and closing all the time The midnight storm is the only place to hide The Russians are waiting on the road to the sea Sand can't outrun them He can't outfight them He must outwit them Otherwise he's trapped and it's a rainy night to die

Place of Skulls Caleb Pirtle III, 2022-01-05 A man with no known past and no name has been dispatched to the deserts ghost towns and underbelly of drug infested Mexico to uncover a secret that could forever change the scope and teachings of Christianity A DEA agent has written that he possesses the unmistakable and undeniable proof that Christ did indeed return to earth again and walk the land of the Aztecs almost fifteen hundred years after his crucifixion on the cross But has the agent found a relic An artifact A long lost manuscript of the written Word No one knows and the agent dies before he can smuggle the secret out of an empty grave Ambrose Lincoln can't dig past the charred fragments of his memory but he must unravel the legend of Quetzalcoatl the white skinned blue eyed god figure whose sixteenth century ministry death resurrection and mystical promise to return someday to gather up his people closely parallels the Biblical story of the man called Christ Is Quetzalcoatl merely a myth or was he Christ himself Lincoln's quest to find the answers he becomes involved in a rogue CIA plot to invade Mexico and wage an unholy war on drugs financed by operatives working for Hitler's Germany He finds himself pursued by the same mysterious assassin who struck down the DEA agent Does the artifact actually exist Who possesses it now Lincoln battles an unseen and unknown enemy in an effort to survive long enough to discover the truth If he doesn't he knows that death awaits him on the desert sands of a land held sacred for centuries by the mysterious and holy ones

Conspiracy of Lies Caleb Pirtle III, 2021-12-31 It was the race for the bomb America was at war a long way from home Hitler's war machine was storming across Europe Russia feared the German threat and secretly wanted to become a world power more feared than it already was All three nations knew that whoever split the atom and developed the Atomic Bomb first would rule the world A stealth operation within the U S Government dispatched their man with no memory to Los Alamos where physicists chemists and scholars were frantically trying to build the bomb Ambrose Lincoln was himself a human experiment a man whose mind had been erased by electronic shock treatments because the rogue operation believed he could be more effective if he wasn't shackled by fears and memories of the past It would be his duty to uncover and silence those who were stealing America's most vital secrets and selling them to Russia and Germany If he fails the United States might well lose the war and Lincoln finds himself embedded in a conspiracy of lies where nothing is as it seems to be
