Whening Tennis In Tennis as in Life Timing is Everything is an instructional book It is unique in that it does not focus on the how to of playing the game as much as the when to for more tennis success The author s primary focus on when decisions is an entirely new instructional approach for many aspects of the game When a player learns to combine good when decisions with real effort to play the game to the best of their ability regardless of the final score winning has been achieved Thus Whening Tennis becomes winning tennis the essence of the book The subtitle In Tennis as in Life Timing is Everything emphasises the importance of when decisions and their crossover from tennis into life s experiences What a fantastic job Larry Huebner has done with his great publication WHENING TENNIS First one would be hard pressed to find anyone more qualified to write about tennis than Larry no one is more respected in the tennis world by people who know the game Second how refreshing it is to have something other than just a How to book to help one understand and enjoy tennis more Larry has done a fantastic job in selecting simplifying and organizing his topics Everything Larry writes about is relevant to today s game I enthusiastically recommend this book for players of all abilities as well as parents ENJOY Dick Gould Coach of 17 NCAA Men s Championships Director of Tennis Stanford University For more information try the website at www.wtennis.com or see the link to the student workbook Whening Tennis Student Workbook
