**The Reception of Alfred Tennyson in Europe** Leonee

Ormond, 2016-11-17 Alfred Lord Tennyson 1809-1892 has often been considered a particularly British writer in part as his official post as Poet Laureate inevitably committed him to a certain amount of patriotic writing. This volume focuses on his impact on the continent presenting a major scholarly analysis of Tennyson's wider reception in different areas of Europe. It considers reader and critical responses and explores the effect of his poetry upon his contemporaries and later writers as well as his influence upon illustrators, painters and musicians. The leading international contributors raise questions of translation and publication and of the choices made for this purpose along with the way in which his ideas and style influenced European writing and culture. Tennyson's reputation in Anglophone countries is now assured following a decline in the years after his death. This volume enables us to chart the changes in Tennyson's European reputation during the later 19th, 20th and 21st centuries.

*Tennyson and Victorian Periodicals* Kathryn Ledbetter, 2016-03-09 This is the first book-length study of Tennyson's record of publication in Victorian periodicals. Despite Tennyson's supposed hostility to periodicals, Ledbetter shows that he made a career-long habit of contributing to them and in the process revealed not only his willingness to promote his career but also his status as a highly valued commodity. Tennyson published more than sixty poems in serial publications from his debut as a Cambridge prize-winning poet with *Timbuctoo* in the *Cambridge Chronicle and Journal* to his last public composition as Poet Laureate with *The Death of the Duke of Clarence and Avondale* in *The Nineteenth Century*. In addition, poems such as *The Charge of the Light Brigade* were shaped by his reading of newspapers. Ledbetter explores the ironies and tensions created by Tennyson's attitudes toward publishing in Victorian periodicals and the undeniable benefits to his career. She situates the poet in an interdependent commodity relationship with periodicals, viewing his individual poems as textual modules embedded in a page of meaning inscribed by the periodical's history, the poet's relationship with the periodical's readers, an image sharing the page whether or not related to the poem and cultural contexts that create new meanings for Tennyson's work. Her book enriches not only our understanding of Tennyson's relationship to periodical culture but the textual implications of a poem's relationship with other texts on a periodical page and the meanings available to specific groups of readers targeted by individual periodicals.

## **Joseph Brodsky and Modern Russian Culture**

, 2024-09-23 This volume is a major contribution to the study of the life, work and standing of Joseph Brodsky, 1987 Nobel Prize Laureate and the best-known Russian poet of the second half of the twentieth century. This is the most significant book devoted to him in the last 25 years and features work by many of the leading experts on him both in Russia and the West. Every one of the chapters makes a real contribution to different aspects of Brodsky: the growth of interest in his work, his world view and political position and the unique aspects of his poetics. Taken together, the sixteen chapters offer a rounded interpretation of his significance for Russian culture today.
