Fisher Joaquín Vallet Rodrigo, 2013-09-10 Vinculado a la ya legendaria productora Hammer Films para la que dirigi sus mejores películas Terence Fisher fue un cineasta despreciado en su momento hasta que en las últimas décadas su obra se ha visto notablemente revalorizada y situada en el exacto lugar que merece El cine de Fisher va mucho más allá de su aparente marco genérico Sus ambivalentes imágenes y los vericuetos de su guion ocultan una serie de líneas temáticas que van desde la reflexión social hasta la psicológica pasando por un tratamiento del miedo y el sexo que llegó a revolucionar el cine de terror en su momento imponiendo unas constantes de las que a día de hoy todavía se sirve el género Esta monografía la primera publicada en castellano sobre Terence Fisher explora toda su filmografía prestando especial atención a su primera etapa como director y analizando minuciosamente cada una de sus películas *Music from the House of Hammer* Randall D.

Larson, 1996-06-28 In the 1950s Hammer Film Productions a small British filmmaking company introduced the world to a new genre of motion picture Referred to by some as horror by others as fantasy Hammer films had a unique look and feel that many other studios would later attempt and fail to capture Hammer films also had a unique sound For although the studio was small and the budgets limited those involved in making the Hammer films recognized that the musical score was just as important as the set the actors and the script in telling the story Consequently Hammer Films Productions recruited the best musical talent to make its films come alive Those artists and the work they did are chronicled here in careful detail by Randall D Larson From the studio's fledgling days through its great successes of the 60s and early 70s *Music from the House of Hammer* offers an inside look at how the Hammer sound was developed and nurtured **The Encyclopedia of**

Film Composers Thomas S. Hischak, 2015-04-16 For more than a century original music has been composed for the cinema. From the early days when live music accompanied silent films to the present in which a composer can draw upon a full orchestra or a lone synthesizer to embody a composition, music has been an integral element of most films. By the late 1930s movie studios had established music departments and some of the greatest names in film music emerged during Hollywood's Golden Age including Alfred Newman, Max Steiner, Dimitri Tiomkin, and Bernard Herrmann. Over the decades other creators of screen music offered additional memorable scores, and some composers such as Henry Mancini, Randy Newman, and John Williams have become household names. The *Encyclopedia of Film Composers* features entries on more than 250 movie composers from around the world. It not only provides facts about these artists but also explains what makes each composer notable and discusses his or her music in detail. Each entry includes Biographical material, Important dates, Career highlights, Analysis of the composer's musical style, Complete list of movie credits. This book brings recognition to the many men and women who have written music for movies over the past one hundred years. In addition to composers from the United States and Great Britain, artists from dozens of other countries are also represented. A rich resource of movie music history, *The Encyclopedia of Film Composers* will be of interest to fans of cinema in general as well as those who want to learn more about the many talented individuals who have created memorable scores.

Gothic Cinema Xavier Aldana Reyes, 2019-12-12 Arguing for the need to understand Gothic cinema as an aesthetic mode, this book explores its long history from its transitional origins in phantasmagoria shows and the first trick films to its postmodern fragmentation in the Gothic pastiches of Tim Burton. But what is Gothic cinema? Is the iconography of the Gothic film equivalent to that of the horror genre? Are the literary origins of the Gothic what solidified its aesthetics? And exactly what cultural roles does the Gothic continue to perform for us today? *Gothic Cinema* covers topics such as the chiaroscuro experiments of early German cinema, the monster cinema of the 1930s, the explained supernatural of the old dark house mystery films of the 1920s and the Female Gothics of the 1940s, the use of vibrant colours in the period Gothics of the late 1950s, the European exploitation booms of the 1960s and 1970s, and the animated films and Gothic superheroes that dominate present times. Throughout, Aldana Reyes makes a strong case for a medium-specific and more intuitive approach to the Gothic on screen that acknowledges its position within wider film industries with their own sets of financial pressures and priorities. This groundbreaking book is the first thorough chronological, transhistorical, and transnational study of Gothic cinema, ideal for both new and seasoned scholars as well as those with a wider interest in the Gothic.

A New Heritage of Horror David Pirie, 2024-09-19 Winner of the Dark Fest Film Festival Award for Best Genre Author 2024, David Pirie's acclaimed history of British gothic film and television has long been regarded as a foundational study of the roots of British horror, identifying it as the only staple cinematic myth which Britain can properly claim as its own. This edition has been revised and updated to include discussion of films and TV dramas that have been newly discovered, restored, or released since publication of the previous edition in

2007 as well as addressing newly emergent screenwriters directors and genres Drawing on insider accounts and archival sources David Pirie investigates the notion of horror versus realism in popular fiction and analyses the horror boom that developed around films including *The Others* and *28 Days Later* He chronicles British horror cinema from its origins in Gothic literature traces the rise of Hammer Films its key directors and films as well as its battles with the censors explores major horror sub genres including comedy horror and sci fi and brings the story up to the present day where horror is flourishing in new ways with films such as *Shaun of the Dead* *Under the Skin* and *Censor* the rise of genres such as folk horror and films that tackle questions of race and gender and the emergence of a new generation of writers and directors including Prano Bailey Bond Ben Wheatley and Edgar Wright

A Mirror for England Raymond Durnat, 2019-07-25
Raymond Durnat's classic study of British films from the 1940s to the 1960s first published in 1970 remains one of the most important books ever written on British cinema In his introduction Kevin Gough Yates writes Even now it astounds by its courage and its audacity if you think you have an original approach to a film or a director's work and check it against *A Mirror for England* you generally discover that Raymond Durnat had said it already Durnat himself said about the book that the main point was arranging a kind of rendezvous between thinking about movies and thinking not so much about sociology as about the experiences that people are having all the time Durnat used *Mirror* to assert the validity of British cinema against its dismissal by the critics of *Cahiers du cin ma* and *Sight and Sound* His analysis takes in classics such as *In Which We Serve* 1942 *A Matter of Life and Death* 1946 and *The Blue Lamp* 1949 alongside B films and popular genres such as Hammer horror Durnat makes a cogent and compelling case for the success of British films in reflecting British predicaments moods and myths at the same time as providing some disturbing new insights into a national character by whose enigmas and contradictions we continue to be perplexed and fascinated

Romantic Prose Fiction Gerald Gillespie, Manfred Engel, Bernard Dieterle, 2008-02-14
In this volume a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age seen from cross cultural and interdisciplinary perspectives The work treats the appearance of major themes in characteristically Romantic versions the power of Romantic discourse to reshape imaginative writing and a series of crucial reactions to the impact of Romanticism on cultural life down to the present both in Europe and in the New World Through its combination of chapters on thematic generic and discursive features *Romantic Prose Fiction* achieves a unique theoretical stance by considering the opinions of primary Romantics and their successors not as guiding truths by which to define the permanent meaning of Romanticism but as data of cultural history that shed important light on an evolving civilization

SPECIAL OFFER 30% discount for a complete set order 5 vols
The *Romanticism* series in the *Comparative History of Literatures in European Languages* is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed

and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism s own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age

Capital and popular cinema Valentina Vitali, 2016-05-01 Capital and popular cinema responds to the need for a more solid academic approach by situating low film genres in their economic and culturally specific contexts and by exploring the interconnections between those contexts the immediate industrial financial interests sustaining the films and the films aesthetics
