Terminators Wife:

Watching the World Die Mike Bogue, 2023-10-26 During the 1980s popular fear of World War III spurred moviemakers to produce dozens of nuclear threat films Categories ranged from monster movies to post apocalyptic adventures to realistic depictions of nuclear war and its immediate aftermath Coverage of atomic angst films isn't new but this is the first book to solely analyze 1980s nuclear threat movies as a group Entries range from classics such as *The Day After* and *WarGames* to obscurities such as *Desert Warrior* and *Massive Retaliation* Chronological coverage of the 121 films released between 1980 and 1990 includes production details chapter notes and critical commentaries *If You Like The Terminator...* Scott Von Doviak, 2012-05-01 *If You Like The Terminator* began life as a low budget B movie seemingly destined for a short run at malls and drive ins before blossoming into a billion dollar franchise that launched the careers of director James Cameron and star Arnold Schwarzenegger The original 1984 film not only spawned three sequels a weekly television series and countless novels comic books and videogames it also redefined the science fiction genre with its blend of high tech and film noir Here is the first book to explore the spectacular array of films television shows and other works that helped inspire *The Terminator* as well as those that have drawn inspiration from it *If You Like The Terminator* delves into the history of science fiction cinema from its earliest days to the golden age of the 1950s and beyond encountering killer robots time travelers and postapocalyptic wastelands along the way This turbo charged journey through time also reviews the improbable career of Arnold Schwarzenegger revisits the action heroes of the 1980s and reevaluates the films of James Cameron before touching down in the computer dominated realm of today's science fiction cinema and projecting the future of the *Terminator* franchise From *Metropolis* to *The Matrix* from *Frankenstein* to *RoboCop* from H G Wells and Harlan Ellison to Roger Corman and Roland Emmerich you'll find them all here in *If You Like The Terminator* *Terminator 3: Terminator Dreams* Aaron Allston, 2004-12 *People Against the Machines After Judgment Day* **Queering The Terminator** David Greven, 2017-06-15 The *Terminator* film series is an unlikely site of queer affiliation The entire premise revolves around both heterosexual intercourse and the woman's pregnancy and giving birth It is precisely the *Terminator*'s indifference to both that signifies it as an unimaginably inhuman monstrosity Indeed the films overarching contention that humanity must be saved rooted as it is in a particular story about pregnancy and birth that exclusively focuses on the heterosexual couple and the family would appear to put it at odds with the political stances of contemporary queer theory Yet as this book argues there is considerable queer interest in the *Terminator* mythos The films provide a framework for interpreting shifting gender codes and the emergence of queer sexuality over the period of three decades Significantly the series emerges in the Reagan 80s which marked a decisive break with the sexual fluidity of the 70s As a franchise and on the individual basis of each film The *Terminator* series combines both radical and reactionary elements Each film reflects the struggles over gender and sexuality specific to its release At the same time the series foregrounds the intersection of technology and gender that has become a

definitive aspect of contemporary experience A narrative organized around a conservative view of female sexuality and the family the Terminator myth is nevertheless a richly suggestive narrative for queer theory and gender studies [Terminator and Philosophy](#) William Irwin,Richard Brown,Kevin S. front lines of combat The authors also look at depictions of foreign females who comfort homesick soldiers ordinary women who unexpectedly encounter the enemy female spies and modern enlistees taking on roles traditionally reserved for men Through these representations the authors explore what war films say about the culture that created them and the social construction of reality that these films assert The book covers an array of war films distributed in the United States including Hearts of the World Wings Mata Hari Mrs Miniver Casablanca Cry Havoc Since You Went Away The Best Years of Our Lives From Here to Eternity The Americanization of Emily M A S H Coming Home Courage under Fire G I Jane and Zero Dark Thirty Featuring an extensive filmography Women in War Films will appeal to scholars of gender studies history and film as well as to readers interested in the evolving portrayals of females in military related cinema **Horror Films of**

Alternate Americas M. Keith Booker,2006-02-28 For more than 50 years science fiction films have been among the most important and successful products of American cinema and are worthy of study for that reason alone On a deeper level the genre has reflected important themes concerns and developments in American society so that a history of science fiction film also serves as a cultural history of America over the past half century M Keith Booker has selected fifteen of the most successful and innovative science fiction films of all time and examined each of them at length from cultural technical and

cinematic perspectives to see where they came from and what they meant for the future of cinema and for America at large. From *Invasion of the Body Snatchers* to *Star Wars* from *Blade Runner* to *The Matrix* these landmark films have expressed our fears and dreams, our abilities and our deficiencies. In this deep seeking investigation we can all find something of ourselves that we recognize as well as something that we've never recognized before. The focus on a fairly small number of landmark films allows detailed attention to genuinely original movies including *Forbidden Planet*, *Invasion of the Body Snatchers*, *2001: A Space Odyssey*, *Planet of the Apes*, *Star Wars*, *Close Encounters of the Third Kind*, *Alien*, *E.T. the Extra Terrestrial*, *Blade Runner*, *The Terminator*, *Robocop*, *The Abyss*, *Independence Day* and *The Matrix*. This book is ideal for general readers interested in science fiction and film.

Gender in Post-9/11 American Apocalyptic TV Eve Bennett, 2019-01-10

In the years following 9/11 American TV developed a preoccupation with apocalypse. Science fiction and fantasy shows ranging from *Firefly* to *Heroes* from the rebooted *Battlestar Galactica* to *Lost* envisaged scenarios in which world changing disasters were either threatened or actually took place. During the same period numerous commentators observed that the American media's representation of gender had undergone a marked regression, possibly it was suggested as a consequence of the 9/11 attacks and the feelings of weakness and insecurity they engendered in the nation's men. Eve Bennett investigates whether the same impulse to return to traditional images of masculinity and femininity can be found in the contemporary cycle of apocalyptic series programmes which like 9/11 itself present plenty of opportunity for narratives of damsels in distress and heroic male rescuers. However, as this book shows, whether such narratives play out in the expected manner is another matter.
