*The Incurable Disease of Anti-Semitism* Raphael Israeli, 2024-04-23 There was a time in international relations when in spite of the regular interests and intrigues used to seek them some were able to keep the fundamentals of decency truth conscience the respect for facts traditions and history and the search for an objective truth Nowadays political positions can change from one day to the next facts can be reversed narrative is as valuable as fact and history and all opinions appear to be as valid as others The world is globalized no national culture or value can rival any woke ist claim or sentiment of what is or what must be for the world oppressors are never right These developments or rather this degeneration is the result of social media which have not only addicted people to produce fake news at will but have allowed opinions to be presented instantly and universally as fact including the routine lies sycophancy and betrayal by Arab and Muslim terrorists

**Battlefields of Pax Americana** George H. Stollwerck, 2004-10-19 The United States has been the world's only superpower since the fall of the Berlin Wall perhaps longer International political strategists refer to the current condition as Pax Americana Pax Americana is summed up in thirty one page document of political philosophy that some of our leaders have been touting since it was reported in the September 23 2002 edition of the Christian Science Monitor It asserts American dominance as the lone superpower a status no rival power if one existed would be allowed to challenge Namely that only America has the means motivation and political will to stamp out terrorism **America's Demise, Antichrist's Rise** Thomas G. Reed, 2021-11-02 Are you aware that the current events shaping our world reflect apocalyptic biblical predictions It's clear that the end of time is near This book is a wake up call for Christians and American patriots who can no longer afford to shrug and hope for the best The strong foundation of Judeo Christian values that built our great country has crumbled to the ground in the face of humanism and liberal progressivism America's demise parallels the demise of mankind as a whole How have we reached this state of crisis We explore the death grip that humanism has on America and the ultimate fate of all the world's citizens We examine both the source of sin and the path toward holiness including death to the old self and resurrection of the new It is essential to heed the warnings found in God's Word warnings which become increasingly relevant as the Great Tribulation draws near With a detailed evaluation of the Scriptures we identify the timeline of the Tribulation Rapture return of Jesus Christ and the thousand year millennium Realizing that the Rapture will not take place prior to the Tribulation we must accept the Tribulation when it begins and recognize its ramifications or risk being deceived by Satan and the Antichrist As the Tribulation defines our end so does it offer an opportunity for a new beginning if we can achieve perfection through our Lord While cataclysmic occurrences may be imminent devoted Christians can also expect wondrous rewards both here and now and for all eternity **The Hongse Spider** George H. Stollwerck, 2006-02-08 The year is 2005 The world's worst modern catastrophe is visiting itself on China Avian Flu H5N1 is estimated by the Center for Disease Control CDC to kill up to 150 million people worldwide The deadly virus has only to complete its leap from fowl to

human cross contamination China has already killed millions of domestic chickens ducks and geese But the slaughter was a double edged sword They have killed the poultry earmarked to keep Chinas citizens from starvation during the 2005 2006 winter which has been forecasted to one of the most ferocious in five decades China also is convinced that the United States new ballistic missile defense program is targeted at neutralizing her minuscule nuclear deterrent relegating her to lifetime servitude to the Americans the worlds last remaining superpower Beijing party leaders vow that will never happen The Peoples Republic of China must become a modern superpower Only then will she be able to demand the outright monetary grants she needs to survive Modernization of her army will cost 100 billion US dollars Beijing knows that sum resides in the coffers of Hong Kong Thus Operation Hongse Spider is born
